

## Alberni Clayoquot Regional District (ACRD) – West Coast Multiplex Survey

Communities\* on the west coast have, for some time, been considering the construction of a multiplex facility through the Alberni-Clayoquot Regional District in partnership with the West Coast Multiplex Society.

The first phase of the multiplex will contain an ice rink (along with seating, change rooms, and meeting spaces) that can be converted to a dry surface for community events, indoor sports, or to be used as an emergency shelter.

Capital construction costs are intended to be paid through grants and donors. The annual operational costs will be paid in part by area property owners through taxation to the ACRD.

The ACRD is seeking your feedback. A short survey has been mailed out to registered property owners in the survey area, and each envelope contains a stamped, self-addressed envelope for the return of the survey to the ACRD.

If you are not a registered property owner, if you do not receive a copy, or if more than one person in your household would like to fill out the survey, please go to <http://www.acrd.bc.ca/west-coast-multiplex-project> and click on the link that says *Multiplex Survey*.

The ACRD is working with faculty and students from VIU to analyze your responses, with a final report anticipated in December 2017. Let us know what you think on moving forward with this project by responding to the survey by Friday, November 24<sup>th</sup>, 2017.

*\* "Communities" includes the governments that signed a memorandum of understanding on the multiplex: Alberni-Clayoquot Regional District, Electoral Area "C" (Long Beach), Tla-o-qui-aht First Nation, Ahousaht First Nation, Yuułu?if?ath Government, Hesquiaht First Nation, Toquaht First Nation, District of Tofino and District of Ucluelet.*

Thank you for your involvement!
