- **For billing inquiries contact Andrew @ (250)720-2717 or accounting@acrd.bc.ca**
- **For water supply emergencies ONLY contact (250)206-0021 or (250)206-0023**

ADVISORY COMMITTEE:

A Beaver Creek Water Advisory Committee has been formed with former Improvement District Trustees and the Beaver Creek elected Director, John McNabb. This committee will help to provide guidance to staff with the operating of the water system.

Beaver Creek Water System Update

The Beaver Creek Improvement District converted into a local service area of the Alberni-Clayoquot Regional District on June 1, 2012. It has been a very busy month but the staff from both organizations have worked hard to make the transition as smooth as possible.

The Beaver Creek Improvement District office has been **permanently closed** and the administrative staff is now working out of the Regional District office located at **3008 5th Ave, Port Alberni, BC, V9Y 2E3**

This bill is a combination of the following charges:

1. Any overdue water tolls from previous periods
2. Unpaid 2012 parcel taxes
3. Water tolls for period of April 1—June 30, 2012
4. Recycling fee for period of July 1, 2012 to June 30, 2013

All payments must be made out to the Alberni-Clayoquot Regional District.

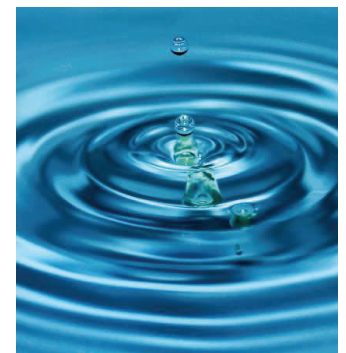

Please note the following payment options:

- **Internet or Telephone Banking**—Use the 17-digit account number located on your utility bill. It is the same account number as your recycling account if previously set up. To set it up initially, search 'Alberni' and then select vendor 'Alberni-Clayoquot Regional District—Utilities'.
- **Payment at Bank or Other Financial Institution**
- **By Mail or in Person**—at the Regional District office
- *Visa/MC numbers are no longer stored for automatic payment*

The basic charge for this quarter billing has increased by \$4 per month as passed by Trustee resolution on April 4th, 2012 (prior to conversion) due to the impending infrastructure upgrades required to meet VIHA's 4-3-2-1 water standards.

The replacement of the Kitsukis reservoir is underway with tenders closing on July 13, 2012. The new reservoir should be online by October 2012. Investigations are being made for a connection to City water during boil water advisories. The objective is to have this in place in advance of this coming winter.

Thank you for your understanding and cooperation during the transition.

September 2012 - August 2013 Recycling Schedule ZONE 4
