

# New Rates Bylaw Adopted

The Board of Directors adopted a new rates bylaw for the Beaver Creek Water System that came into effect on April 1, 2015. These new rates were initially presented to the community in the fall public meeting and then reviewed by the Beaver Creek Water Advisory Committee earlier this year. The rate increases are necessary to fund the improvements required to meet the conditions placed on the Water Systems operating permit by Island Health. A copy of the bylaw can be found on the ACRD website at [www.acrd.bc.ca](http://www.acrd.bc.ca). A summary of the new rates is provided below:
