

ZONING REVIEW & PROPOSED OCP AMENDMENTS QUESTIONNAIRE BEAVER CREEK OPEN HOUSE

The ACRD is doing a complete review and update of the zoning bylaw for the entire regional district. Associated with this review are a number of amendments to the OCPs for all electoral areas. Please take a few minutes to answer the yes or no questions below. Additional space for more comments is on the backside. Your input is valuable to us!

	Yes	No
We have completed many changes to the keeping of animals section including the ability to have poultry on smaller lots and allowing bee keeping. Are you in favour of these changes?		
If no, please explain:		
Water zones have been created to help regulate development of docks and boathouses. Are you supportive of these zones?		
If no, please explain:		
The minimum lot size is 2 ha in areas designated as Agricultural in the Beaver Creek OCP. The OCP has been updated to specify that zoning for some existing lots less than 2 ha may have a minimum lot size smaller than 2 ha (subdivision of ALR land requires ALC approval). Are you supportive of this OCP update?		
If no, please explain:		
The zoning bylaw document has been re-formatted to be more user friendly. Do you find it easier to follow?		
If no, please explain:		
The definitions and general regulations in the zoning bylaw document have been reviewed and updated. Do you find them helpful and easy to understand?		
If no, please explain:		
Updates have been made to home occupation regulations, and regulations for home industry have been introduced. Do you support home based businesses?		
If no, please explain:
