

## Notice to Salmon Beach Community

Toquaht Nation have respectfully requested, for efficiency and clarity, that any residents please go through the ACRD should they have any communications relating to the Wendy Creek bridge rebuild.

Effort from residents to help move this project forward is appreciated, however, all that remains is due process that needs to be followed by both the Toquaht Nation and the ACRD. The ACRD will provide any new information and updates coming from Toquaht Nation and the Barkley Community Forest to Salmon Beach residents. ACRD staff are currently working with all the stakeholders for this project and will update as this project progresses.

Please email the West Coast Assistant at [wcassistant@acrd.bc.ca](mailto:wcassistant@acrd.bc.ca) if you wish to ask questions regarding this project.
