Subject: Fwd: Car service to Ucluelet

Hi Wendy,

I have spoken to tony about a letter of support for the possible car ferry from port to Ucluelet and is fully supportive!

Would it be possible to get this request on tomorrow's agenda?

I'll give you a call when you get back from your lunch

Thank you!

Subject: Car service to Ucluelet

Hello Dianne,

Thank you for taking my call while on vacation. I have had very positive feedback regarding the potential for car service to your community. I was instructed to ask you if possible to get a follow up letter from the city of Ucluelet/ Tofino Parks etc. They informed me that the more positive feedback and the greater the request would definitely aid in the future of this project. I am very positive with the feedback received that this could very well become a reality. I have enclosed a contact list to aid in this project.

Thank you in advance.

Mike Surrell.
