Subject: DVE19009 Neighbourhood Referral

Hello Mike,

I have provided my comments to John McNabb [REDACTED]. The purpose of this email is to provide the perspective of my wife and my thoughts as part of the 100m referral area. We have no concerns with Erin's application as it does not negatively impact our property. We also can appreciate her desire to retain as many trees as possible, and overall feel her application is in keeping with the neighbourhood.

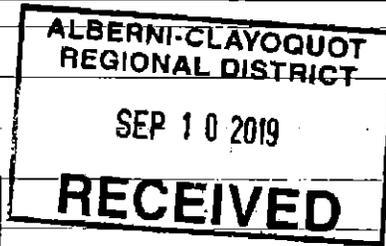

If you have any questions for my wife and I please don't hesitate to ask.
