**Representations & Warranties**

The delivery and dumping of asbestos containing material poses a serious health risk to workers and will result in significant financial damages to New West Gypsum Recycling (BC) Inc. New West Gypsum Recycling (BC) Inc. is relying on the accuracy and the customer's declaration in accepting drywall materials for recycling.

By signing this form, the customer agrees to accept liability for all costs incurred by New West Gypsum Recycling (BC) Inc. (including business interruption losses and losses in profits) that result from an incorrect declaration regarding the origin and content of the material as declared above and that the minimum liability for making such an incorrect declaration will be a payment of \$10,000 plus all clean-up costs. New West Gypsum Recycling (BC) Inc. further reserves the right to ban any customer from disposing of drywall to any of its facilities.

<b>Hazardous Building Materials Summary</b>	
<b>Gypsum Drywall Related Investigation Results</b>	
This is a summary of a Hazardous Building Materials Assessment ("HBMI") report to facilitate the recycling of non-asbestos contaminated drywall. This document should not be seen as a full HBMA report. The reader should refer to the whole HBMI report for all details.	
Site Address <sup>1</sup> :	
City:	
Age of Building (Year Built):	
Area of Building Assessed:	ft <sup>2</sup> m <sup>2</sup> circle one
Number of Samples Taken <sup>2</sup> :	
Number Positive Samples <sup>3</sup> :	
Number Non-Detect Samples:	
Estimated Mass of Asbestos Contaminated Drywall (kg) <sup>4</sup> :	
Estimated Mass of Clean Drywall (kg):	
Assessor Notes:	
Assessment Date:	
Assessor Name:	
Assessor License Number:	
Assessor Company Name:	
Assessor Telephone Number:	
Assessor Email Address:	
Signature of Assessor:	

**Notes:**

- 1 - Enter the specific address of the Assessment. eg. Include suite number, etc.
- 2 - Number of samples from drywalled or plastered areas that include Drywall Joint Compound, Texture Coat, Plaster or with potential ACMs
- 3 - If the number of Positive Samples is not zero, a Clearance Letter or Undertaking letter signed by a Qualified Person will be required when the drywall is delivered for recycling.
- 4 - For area to mass conversions use:

kg/m <sup>2</sup> (kg/ft <sup>2</sup> )	Drywall Thickness
10 (0.93)	12 mm (1/2")
13.3 (1.24)	16 mm (5/8")
