

**Bamfield Water System  
BOIL WATER ADVISORY RESCINDED  
December 5, 2025**

**The BOIL WATER ADVISORY issued all properties on AND North Of  
Winston Avenue within the Bamfield Water System is no longer  
necessary and has been lifted.**

**EFFECTIVE: December 5, at 11:00 am**

Bacteria sampling of the water system indicates that it is no longer necessary to boil water prior to consumption. You may notice elevated levels of chlorine (smell and taste) for a short period.

Thank you for your patience and co-operation.
