

ALBERNI-CLAYOQUOT REGIONAL DISTRICT

Addendum # 001

**Alberni-Clayoquot Regional District
Sproat Lake Parks Maintenance
RFQ-SLPM04-26
May 13, 2026**

The following changes in the tender documents are effective immediately. This addendum will form part of the contract documents.

Please review the following information before submitting your response to SLPM04-26.

Addendum 001 is being raised to answer the following questions:

Q1: Does the ACRD keep a stockpile supply of gravel/aggregate material available for trail maintenance purposes?

A1: The ACRD does not maintain a stockpile supply of gravel/aggregate material. The application of new trail tread material is not included under this contract. Any trail section upgrades requiring new aggregate would be considered a separate project and administered under a separate contract.

Q2: Who will be responsible for annual and/or operational maintenance of the ACRD-owned equipment?

A2: Annual maintenance of ACRD-owned equipment is the responsibility of the ACRD. The successful Proponent will be responsible for routine operational maintenance and is expected to notify the ACRD if any major maintenance issues arise between scheduled annual maintenance periods.
