ACRD Hires General Manager of Community Services

The Alberni-Clayoquot Regional District (ACRD) is pleased to announce the promotion of Jenny Brunn to the position of General Manager of Community Services.

Jenny has worked for the ACRD since 2018, starting as Manager of Operations in the Community Services Department (formerly the Environmental Services Department). She has been acting as the Interim General Manager of Community Services since July 2020.

"Jenny has provided exceptional public service to the people we serve at the ACRD in her time here thus far. We are delighted that she will have more of a leadership role going forward," said Douglas Holmes, CAO of the ACRD.

Jenny holds a Water Quality Technology Diploma, Local Government Administration Certificate and is a registered Applied Science Technologist. She has deep experience in Regional Districts and Municipalities in the areas of solid waste, water, wastewater, roads and transit.

"I'm truly excited to accept this role and look forward to continuing to improve regional service delivery in an environmentally, socially and economically responsible manner." said Jenny.

The General Manager of Community Services will provide strategic planning, leadership and direction to the Regional District's Community Services Department including solid waste facilities, parks and trails, airports, local and regional transit services, and water and wastewater utilities.

Jenny will commence her role as General Manager of Community Services on December 7, 2020.
