

NOTICE OF FORESTRY ACTIVITIES

Dear Trail Users,

Mosaic Forest Management wish to advise all users of the Alberni Inlet trail that falling and yarding activities are planned to begin adjacent to the trail during late December 2021. These operations will occur on Mosaic private managed forest land in the area of the Alberni Inlet Trail from 8km to 9km (as shown on the map above). For your safety, areas of the Alberni Inlet Trail will be closed during weekdays from 7am to 5pm and operations are expected to occur for six weeks (weather dependant).

At Mosaic safety is our highest priority. When any activities are taking place our employees and contractors abide by strict safety rules. We expect, and strongly encourage, private citizens to abide by our safety focus and respect our worksite by not entering any active areas. **For your SAFETY during these times please respect all signage and avoid the use of these areas of the trail where signage indicates closures.**

Our sincere apologies for any inconvenience this may cause. If you have any questions or require further clarification, please contact the Mosaic office at (250) 468-6831.

Thank you for your co-operation,
Mosaic Forest Management
