

ALBERNI-CLAYOQUOT REGIONAL DISTRICT

Notice of Sale

The Alberni-Clayoquot Regional District (ACRD), on behalf of the Sproat Lake Fire Department, is announcing the sale of surplus firefighting equipment. As part of our commitment to maintaining efficient and up-to-date resources for our firefighters, we periodically assess and update our equipment inventory. Available for sale or disposal are:

- **Firehoses:** We have a variety of Firehoses. Please note that some of these hoses are not in working order, and others have not been tested for functionality in many years.
- **Fans:** Two high-powered fans, essential for ventilation and smoke clearance during firefighting operations.

Please be aware that the equipment, especially the firehoses, are offered as-is for purposes to be determined by the purchaser.

Interested parties are invited to submit their offers or inquiries by February 29, 2024, at 2:00 PM to the ACRD office or electronically to procurement@acrd.bc.ca.
