SUBJECT PROPERTY MAP

To: ACRD Board of Directors

Meeting Date: June 28, 2023

From: Amy Needham, Sustainability Planner

File #: RF22011/PL20220052

Application Type: Rezoning

Electoral Area: "F" Cherry Creek

Subject: Rezoning application RF22011 – Lot 1, Old Nanaimo Highway (DeLuca)

Recommendation:

THAT the Board of Directors consider first reading of Bylaw P1472, Regional District of Alberni-Clayoquot Zoning Atlas Amendment Bylaw at a future date, and that notice be given in accordance with section 467 of the Local Government Act.

THAT the Board of Directors confirm that adoption of Bylaw P1472 is subject to:

- a. Confirmation from a Registered On-Site Wastewater Practitioner that the property is capable of accommodating on-site sewage disposal to a minimum 0.6-acre density;*
- b. Approval from the Ministry of Transportation & Infrastructure as the property lies within 800 metres of a Controlled Access Highway;*
- c. Meeting technical referral agency requirements.*

Note: If the Board wishes to proceed with the public hearing process, the appropriate motion would be:

THAT Bylaw P1472, Regional District of Alberni-Clayoquot Zoning Atlas Amendment Bylaw be read a first time;

THAT the public hearing for Bylaw P1472 be delegated to the Director for Electoral Area 'F', the Alternate Director or the Chairperson of the Regional District;

THAT the Board of Directors confirm that adoption of Bylaw P1472 is subject to:

- a. Confirmation from a Registered On-Site Wastewater Practitioner that the property is capable of accommodating on-site sewage disposal to a minimum 0.6-acre density;*
- b. Approval from the Ministry of Transportation & Infrastructure as the property lies within 800 metres of a Controlled Access Highway;*
- c. Meeting technical referral agency requirements.*

Development Proposal: The property owner is applying to rezone a small portion of their 21 hectare (52 acre) parcel located at the junction of the Old Nanaimo Hwy and Mann Road from Forest Rural (A3) District to Acreage Residential (RA3) District in order to accommodate a two-lot subdivision to sever off a 0.48 ha (1.2 acre) non-ALR panhandle portion of the property.

Advisory Planning Commission Recommendation: This application was considered by the Cherry Creek Advisory Planning Commission (APC) at their June 19, 2023 meeting and a motion to support staff's recommendation passed with all in favour.

Property Information:

Civic Address	No Civic Address						
Legal Description	LOT 1, DISTRICT LOT 135, ALBERNI DISTRICT, PLAN 6543						
PID	005-853-397	Folio	1701.000	ALR? (Y/N)	Yes	Lot Size	21 ha (52 ac)

Current Zoning	Forest Rural (A3) District	Proposed Zoning	Forest Rural (A3) & Acreage Residential (RA3) District
Current OCP	Residential/Resource Use	Proposed OCP	N/A

Development Permit Area(s)	None
----------------------------	------

Current Use & Description
 The vacant 21 ha (52 ac) property is mostly level and has been recently logged, including the panhandle portion in the southeast corner. The square-shaped ALR portion of the property is +/- 511 m on its east and west sides and +/- 400 m along the north and south sides. The panhandle, non-ALR portion of the property in the southeast corner is rectangular in shape, measuring 141 m along its east and west sides, 30 m along its south side on Old Nanaimo Hwy and 37 m along its north boundary with the ALR portion of the property.

The property is situated in an area comprised of Small Holdings (A1) District and Acreage Residential (RA1/RA2) District lots of various sizes to the south and west, and large Forest Rural (A3) lots to the north and east.

Surrounding Zoning and Land Use

North	Forest Rural (A3) District	South	Small Holdings (A1) & Acreage Residential (RA1) Districts
East	Forest Rural (A3) District	West	Small Holdings (A1) & Acreage Residential (RA2) Districts

Services:

- a) **Sewage Disposal:** Onsite sewage disposal. As a condition of rezoning, planning staff recommend that the applicants be required to engage a Registered On-site Wastewater Practitioner to assess the capability of the proposed subdivision land to accommodate on-site sewage disposal to a 0.6-acre density (minimum lot size for the RA3 District).
- b) **Water Supply:** Cherry Creek Waterworks District
- c) **Fire Protection:** Cherry Creek Fire Department Service Area
- d) **Access:** The proposed panhandle subdivision is accessed from the Old Nanaimo Highway and the larger ALR portion of the property from Dundalk Ave. North.

Planning Policy Discussion:

- a) **Official Community Plan:** The Cherry Creek Official Community Plan designates the property as having two land use designations - "Residential Use" for the non-ALR panhandle portion and "Resource Use" for the large ALR portion. The objective of the Residential Use designation is to provide a range of housing options within the plan area, which fits well with the proposed future subdivision and leaves the Resource Use portion intact. Residential Use supports a 0.24 hectare (0.6 acre) minimum lot size for lots serviced by community/communal water or sewer. The proposed residential lot would be connected to the Cherry Creek Water System. The property is not affected by any Development Permit Areas.

PL20220052/RF22011

This proposal complies with the policies and objectives of the Cherry Creek OCP.

- b) **Zoning:** This parcel is currently zoned Forest Rural (A3) District, which has a minimum allowable lot size of 4 ha (10 acres). Rezoning the non-ALR portion to Acreage Residential (RA3) District will allow a minimum lot size of 0.24 ha (0.6 acres).
 - i. Parkland Dedication: N/A

	Current:	Proposed:
Minimum Lot Area (ha)	4	0.24
Minimum Lot Width (m)	100	30
Principal & Accessory Front Yard Setback (m)	15	15
Principal Side Yard Setback (m)	4.5	5
Principal Rear Yard Setback (m)	9	10
Accessory Side Yard Setback (m)	4.5	0.91
Accessory Rear Yard Setback (m)	4.5	0.91

This proposal requires a rezoning of the non-ALR portion of the subject property from Forest Rural (A3) District to Acreage Residential (RA3) District to facilitate the proposed two lot subdivision.

Comments: The rezoning is the first step in the applicant’s proposal to subdivide the property into two lots. If the rezoning application proceeds, the following items would need to be addressed at the subdivision application process:

- Meeting all requirements for connection to the Cherry Creek Water System.
- Meeting all technical agency requirements.

As a condition of rezoning, the applicants will be required to engage a Registered On-site Wastewater Practitioner to assess the capability of the land in accommodating on-site sewage disposal to a 0.6-acre density. Confirmation will be required prior to the public hearing. The zoning amendment would also require approval from the Ministry of Transportation & Infrastructure as the property lies within 800 metres of a Controlled Access Highway.

The proposed development complies with the policies and objectives of the Residential Use designation in the Cherry Creek OCP. The rezoning provides an opportunity for serviced, in-fill development that is in keeping with the character of the surrounding area and staff recommend that the Board consider first reading of Bylaw P1472 at a future date, and that neighbour notification be provided.
