DRAFT BYLAW NO. P1333, 202X

A Bylaw to regulate land use and subdivision within Electoral Areas 'A', 'B', 'C', 'D', 'E' and 'F' of the Alberni-Clayoquot Regional District

The Board of Directors of the Alberni-Clayoquot Regional District (ACRD), in open meeting assembled, enacts as follows:

PART 1 | ADMINISTRATION

1.1 Title

This Bylaw may be cited as "Zoning Bylaw No. P1333, 202X".

1.2 Repeal of Bylaws

Bylaw No. 15, cited as the "Alberni-Clayoquot Zoning Bylaw 1971," and all its amendments are repealed.

1.3 Application

1.3.1 The provisions of this Bylaw apply to all land, buildings and structures, including the surface of the water within Electoral Area 'A', 'B', 'C', 'D', 'E' and 'F'. For clarity, the provisions of this Bylaw apply to those parts of the ACRD that are not contained within the City of Port Alberni, District of Tofino, District of Ucluelet, Huu-ay-aht First Nations, Uchucklesaht Tribe Government, Toquaht Nation, and Yuułu?it?ath Government lands.

1.3.2 No building, structure or use shall be located, constructed, altered or expanded except as is provided for in this Bylaw.

1.3.3 This Bylaw shall not relieve any person from complying with other Bylaws and legislation that are relevant to the development or use of land.

1.4 Bylaw Administration

This Bylaw is administered by officers, employees, and agents of the ACRD.

1.5 Inspection and Enforcement

Designated officers, employees or agents of the ACRD are hereby authorized to:

1.5.1 Enter upon any property or premises, at all reasonable times, to ascertain whether the provisions of this Bylaw are being complied with, provided that:

- a) consent to inspect the property or premises has been obtained from the owner or occupier of the land; or
- b) where such consent has been refused, notice of the intent to inspect has been given to the owner or occupier in accordance with the *Community Charter* and the *Local Government Act*;

1.5.2 Enforce this Bylaw and carry out inspections regarding the use and occupancy of buildings, structures, and property;

1.5.3 Give notice to the owner of any property directing the owner or occupant to correct any condition which constitutes a violation of this Bylaw;

- 1.5.4 In the event of failure to comply with such notice within the time specified, cause such work to be done, and the cost of such work shall be recoverable by the ACRD under the authority of the *Local Government Act*;
- 1.5.5 In the event of default of payment of such assessed costs, place a charge upon the property, to be collected in the same manner as the property taxes.

1.6 Violation

Any person who does any act or thing or permits any act or thing to be done in contravention of this Bylaw or who neglects to do or refrains from doing any act or thing which is required to be done by any of the provisions of this Bylaw is deemed to have violated the provisions of this Bylaw.

1.7 Permits and Licences

No permit or licence shall be issued for a building, structure, or use which violates any of the provisions of this Bylaw.

1.8 Severability

If any section, subsection, sentence or phrase of this Bylaw is for any reason held to be invalid by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of the Bylaw or the validity of the Bylaw as a whole.

1.9 Authority and Jurisdiction of the Agricultural Land Commission

Notwithstanding any other provisions of this Bylaw, all lands in the Agricultural Land Reserve (ALR) are subject to the *Agricultural Land Commission Act (ALCA)*, *Regulations*, decisions, and any Orders of the Agricultural Land Commission (ALC).

1.10 Schedules

Schedule A - ACRD Zoning Bylaw Text and Schedule B - ACRD Zoning Bylaw Maps, attached to this Bylaw, form part of the Bylaw.

1.11 Interpretation

- 1.12.1 References to zones in this Bylaw that are listed only by the zone designation mean the same as the zone listed by its full title and number.
- 1.12.2 All dimensions and measurements in the Bylaw are expressed in the Standard Interpretation Units (metric) system as follows:
- 1) hectare (ha)
 - 2) metres (m)
 - 3) centimetres (cm)
 - 4) square metres (m²)
- 1.12.3 If there is any discrepancy in this Bylaw between the metric and imperial measures for a given item, the metric value shall be considered the correct value for such item.

1.12 Comprehensive Development Areas

Areas that are designated as Comprehensive Development Areas (CDAs) in an Official Community Plan (OCP) shall retain their current zoning until such time as the property owner

has drafted development plans, discussed plans and procedures with ACRD staff and completed an application to rezone to a specific and unique comprehensive development zone.

INDUSTRY

means a use providing for the manufacturing, processing, assembly, fabricating, warehousing, distributing, testing, servicing, repair, storage, transporting, maintaining, wrecking or salvaging of goods, products or materials or things with or without an ancillary office to administer the industrial use on the lot, including wood, meat and seafood processing, wholesaling provided that the merchandise being sold is distributed from the lot, and a cannabis production facility.

INTENSIVE AGRICULTURE

means the use of land, buildings and structures by a commercial enterprise or an institution for:

- 1) the confinement of poultry, livestock or fur bearing animals; or
- 2) the growing of mushrooms.

L

LANE

means a public way that provides access to the rear of a lot, at the side lot line or rear lot line.

LIVESTOCK

means cattle, horses, mules, donkeys, bison, water buffalo, sheep, goats, ratites, llamas, alpacas, swine, and similar farmed animals. Excludes poultry and any domestic pet.

LOADING SPACE

means the use of an area on a lot for the loading or unloading of commercial vehicles in connection with the use of that parcel or an adjacent lot, in accordance with the provisions of off-street loading regulations in this Bylaw.

LOT

means any lot, parcel, block or other area, created under the *Land Title Act*, the *Strata Property Act* or the *Land Act*, in which land is

held or into which it is subdivided. It does not include a highway, common strata road access or a building strata lot, and in particular:

- 1) Corner lot means a lot at the intersection or junction of two or more roads, highways or lanes.
- 2) Interior lot means a lot other than a corner lot.
- 3) Panhandle lot means the interior lot to which access from a road is gained by way of a narrow strip of land forming part of the lot.
- 4) Through lot means a lot abutting on two (2) parallel or approximately parallel roads.
- 5) Strata lot means a lot shown on a strata plan.

LOT AREA

means the total horizontal area within the lot lines of a lot, but excludes any panhandle used to access the balance of the lot.

LOT COVERAGE

means the total horizontal area of all buildings and structures on a lot measured to the outside of the exterior walls including the horizontal areas of attached decks and porches, expressed as a percentage of the lot area, and for a structure with no exterior wall, measured to the outside of supporting columns, excluding gutters.

LOT LINE

means a line which marks the boundary of a lot and in particular:

- 1) Front lot line means:
 - i. The lot line which is common to the lot and a road or in a case of lots with water access only, the lot line nearest the natural boundary of the waterway.
 - ii. Where a lot is divided by a public way such as a dedicated road, lane or walkway, both sides of such public way shall be considered as front lot lines.
 - iii. Where the lot does not have a lot line that abuts a road or water, the front line of the lot shall be determined by the closest road or waterway.
 - iv. Where a lot abuts a road and water, the lot line adjacent to the waterway is designated as the front lot line.
 - v. In the case of a through lot, the lot lines abutting on two (2) parallel or approximately parallel roads where access is provided shall both be considered as front lot lines.
 - vi. In the case of a corner lot, a lot line shall be considered a front lot line if the adjacent lot fronts on the same road. In the case of a corner lot, there shall be only one (1) front lot line.
 - vii. For a panhandle lot, the line separating the body of the lot from the panhandle shall be considered the front lot line.

- 2) Rear lot line means the lot line opposite to and furthest from the front lot line and where the rear portion of a lot is bounded by intersecting side lot lines, the point of intersections shall be deemed to be the rear lot line, and any line which does not conform to any other definition of a lot line shall be deemed to be a rear lot line.
- 3) Side lot line means a lot line other than a front or rear lot line.
- 4) Projected side lot line means a perpendicular extension from the general trend of the shoreline, beginning at the intersection of the side property line and the natural boundary.

LOT WIDTH

means the average horizontal distance between side lot lines measured at right angles to the lot depth connecting the front and rear lot lines.

M

MAJOR STREAM

means any watercourse designated as ‘major’ in the appropriate Official Community Plan (OCP), including Bedwell River and Kennedy River, and excluding any lakes, in accordance with regulations for location and siting of structures in this Bylaw.

MANUFACTURED HOME

means a single detached dwelling that conforms to either the Canadian Standards Association Z240-MH standard as a mobile home, or to the Canadian Standards Association A277 standard as a modular home.

MANUFACTURING

means the use of a lot, buildings or structures for the purpose of assembling, producing, inspecting, finishing, altering, servicing, repairing of any goods, substance, articles, or materials. Excludes abattoir, boiler and plate work, cement manufacturing, metal fabrication, paper manufacturing, sawmilling, pulp-milling or ship-building.

MANUFACTURING INDUSTRIES

means establishments classified as such by the North American Industry Classification System (NAICS).

MARINA

means a building, structure or place, containing docking facilities that are located on a waterway, where vessels, watercrafts or boats and accessories are stored, serviced, repaired or kept for sale and where facilities for the sale of marine fuels and lubricants may be provided.

MARINA USE	means the use of land or buildings for water-oriented activities such as commercial moorage, float and boat ramps, boat houses or shelters, rental of watercraft, and ancillary services such as marine fuel sales, pump-out facilities for sewage disposal, facilities for disposal of waste oil and bilge water, spill response, boat repair, or office space. Excludes watercraft sales, and accommodation in a watercraft, vessel or float home.
MARINE TRANSPORTATION	means the movement of a person or persons by watercraft, vessel or boat, but does not include temporary accommodation.
MARINE WATERS	means coastal waters including oceans and seas.
MINI-STORAGE	means a building with self-contained storage rental units, with independent external entrances, for the storage of general household or personal goods and vehicles.
MINOR STREAM	means any stream or watercourse designated as ‘minor’ in the appropriate Official Community Plan (OCP), or any named or unnamed stream not designated as a major stream, in accordance with regulations for location and siting of structures in this Bylaw.
MOBILE HOME	means a factory-built manufactured home that is used, or intended to be used, as a single detached dwelling and which conforms to the Canadian Standards Association (CSA) Z240-MH standard. A mobile home excludes trailers and recreational vehicles.
MODULAR HOME	means a factory-built manufactured home that is used, or intended to be used, as a single detached dwelling and which conforms to the Canadian Standards Association (CSA) A277 standard. A modular home excludes trailers and recreational vehicles.
MOTOR VEHICLE REPAIR SHOP	means a building used or intended to be used for minor or major repairs to and servicing of motor vehicles, trailers and parts thereof and auto-body spray-painting.
MULTI-UNIT DWELLING	means a residential use consisting of three (3) or more dwelling units such as an apartment, townhouse or row house where each unit is occupied or intended to be occupied as the permanent home or residence of one (1) household.

N

NATURAL BOUNDARY

means the visible high water mark of any lake, river, stream or other body of water where the presence and action of the water are so common and usual, and so long continued in all ordinary years, as to mark upon the soil of the bed of the lake, river, stream or other body of water, a character distinct from that of the banks thereof, in vegetation, as well as in the nature of the soil itself.

O

OFFICE

means the use of a building where business may be transacted, a service performed or consultation given, excludes the manufacturing of any product or storage of any product for sale, and health, welfare and medical services.

OPEN SPACE

means an area consisting largely of landscaped open areas, which may include communal water systems, communal sewer systems, roads, trails, transmission lines, recreational areas, natural areas, playgrounds, playing fields or similar uses, but does not include a campground.

P

PANHANDLE

means a strip of land which provides access and road frontage to a lot and which forms part of that lot, and not exceeding 10 m in width, but is not included in the calculation of lot area.

PARKING SPACE

means a space for the parking of one (1) vehicle, excluding driveways, ramps and access aisles.

PASSIVE RECREATION

means outdoor recreation activities that do not involve the use of buildings, structures, camping, motorized vehicles or motorized equipment.

PETTING FARM

means an operation designed for the display of livestock and poultry to the public and providing an area for direct contact between the public and the animals.

PERSONAL SERVICE

means the use of a lot, building or structure for the provision of services to the person or personal goods of a customer, but excludes storefront or retail outlet distribution of cannabis.

PLACE OF WORSHIP

means a church, temple, mosque or synagogue, but excludes schools.

PLATFORM OR FLOAT	means the portion of the dock structure that is generally used for mooring boats.
POULTRY	means chickens, hens, turkeys, ducks, geese, roosters, cockerels, peafowl, game birds, and similar farmed fowl or birds.
PRINCIPAL USE	means the main purpose for which land, buildings or structures are ordinarily used, or designed to be used.
PRIVATE MOORAGE FACILITY	means a dock or stand-alone boat lift that is permanently affixed to land for the use by one (1) or a number of individuals or a household for boat moorage. Excludes mooring buoys used for private moorage, as regulated by <i>Transport Canada</i> under the federal <i>Navigation Protection Act</i> .
PROJECTED SIDE LOT LINE	see lot line.

R

RECREATIONAL VEHICLE (RV)	means a motorhome, camper van, fifth wheel, tent trailer or other vehicle designed, converted or adapted to provide temporary accommodation of people, and designed to be towed behind a motor vehicle or self-propelled. Excludes a park model that conforms to the Canadian Standards Association (CSA) Z241 standard.
REGIONAL BOARD	means the governing and executive body of the Alberni-Clayoquot Regional District (ACRD).
RESIDENTIAL USE	means the occupancy or use of a building or part thereof as a dwelling unit, and excludes temporary accommodation.
RETAIL	means the use of a lot, building or structure for the retail sale or rental of goods, foods, or wares, but excludes storefront or retail outlet distribution of cannabis or liquor.
ROAD	means a public highway, street, strata road or thoroughfare which affords the principal means of access to abutting lots.

S

SCHOOL	means a school as defined by the <i>School Act</i> or the <i>Independent School Act</i> and does not include overnight accommodation.
SCREENING or SCREENED	means a continuous solid fence, wall, berm, compact evergreen hedge, or other densely planted or natural vegetation of sufficient height, according to vision clearance and fence regulations in this Bylaw, to visually shield or obscure one abutting structure, building or lot from another, broken only by access drives and walks.
SEASONAL DWELLING	means a dwelling unit used for a secondary, vacation or recreational home for a maximum of 180 days per year, whether the use is continuous or intermittent.
SECONDARY SUITE	means an additional dwelling unit located in and part of a building which is a single dwelling unit of residential occupancy, and in accordance with regulations for accessory dwelling units in this Bylaw.
SETBACK	means the required minimum horizontal distance measured perpendicular from the respective lot line or natural boundary to any building, structure or use. No building, structure or use shall be located within a setback unless permitted by this Bylaw.
SETBACK FROM A STREAM	means the required minimum horizontal distance between a building, structure or use and the natural boundary of a watercourse or stream.
SETBACK FROM THE OCEAN	means the required minimum horizontal distance between a building, structure or use and the natural boundary of the ocean.
SHORT TERM VACATION RENTAL	means the use of a dwelling unit for the temporary accommodation of paying guests for up to 30 days. Excludes bed and breakfast, and boarding and lodging.
SINGLE DETACHED DWELLING	means any building consisting of one (1) dwelling unit which is occupied or intended to be occupied as the permanent residence of one (1) or more persons, and may include a secondary suite provided the conditions for an accessory dwelling unit are met.
SITE	means an individual camping site in a campground or an individual mobile home site in a mobile home park.

STEEP SLOPE AREA	means any area within a lot where the incline is 30% or greater for a horizontal distance of 10 m or greater, as measured from natural grade. A lot may include more than one steep slope area.
STORAGE BUILDING	means a building where the principal use is the storage of goods, wares, merchandise, substances, articles or other items and has no habitable space.
STORAGE YARD	means the use of land for the storage of equipment, goods and products, vehicles, machinery and materials, either inside or outside of a building or structure, but excludes an automobile wrecking yard, a display yard or a junk yard.
STOREY	means the portion of a building that is situated between the top of any floor and the top of the floor next above it, and if there is no floor above it, between the top of such floor and the ceiling above it.
STOREY, FIRST	means the uppermost storey having its floor level not more than 2 m above grade.
STREAM	means <ul style="list-style-type: none"> 1) a natural watercourse, including a natural glacier course, or a natural body of water, whether or not the stream channel of the stream has been modified, or 2) a natural source of water supply, including, without limitation, a lake, pond, river, creek, spring, ravine, gulch, wetland or glacier, whether or not usually containing water, including ice, but does not include an aquifer.
STREET	means the same as road.
STRUCTURE	means anything that is constructed, placed or erected on land or water, and includes a swimming pool, manufactured home foundation, deck and major improvement accessory to the principal use of land or water, but specifically excludes: <ul style="list-style-type: none"> 1) dock, dock roof, floating boat shelter and float home; 2) landscaping, paving improvements and a sign under 1 m in height; 3) retaining wall under 1 m in height; 4) fence under 2 m in height; and

- 5) transparent fence or transparent vertical extension greater than 2 m in height where the fence is required for agriculture or farm use.

T

TEMPORARY ACCOMMODATION

means use for a limited time duration, as specified in this Bylaw.

TEMPORARY BUILDING

means an accessory building which is not supported on permanent foundation and which may or may not be connected to services.

TEMPORARY FARM WORKER

means, in accordance with provincial regulation, an individual or individuals who carry out agricultural work on a temporary, seasonal basis on a farm operation.

TEMPORARY FARM WORKER HOUSING

means, in accordance with provincial regulation, accommodation that is used solely for the purpose of providing cooking, sanitary and sleeping facilities to temporarily house temporary farm worker(s) on a farm operation as necessary for the agricultural labour needs of a farm operation or other farms, if permitted.

Temporary farm worker housing is only permitted to be conducted on land in the ALR that is assessed as a farm under the *Assessment Act*, is subject to conditions in the *Agricultural Land Commission Act and Regulations*, and requires approval through an application to the ALC.

TRANSPORTATION SERVICES

means the use of land, buildings or structures for the provision of air, water, railway, truck, bus or taxi transportation services.

U

UPLAND

means land located or lying higher or above the natural boundary of a body of water.

USE

means the purpose for which any lot, parcel, tract of land, building or structure is designed, arranged or intended, or for which it is occupied or maintained.

UTILITY

means the use of lands, buildings or structures to facilitate public transportation, the collection and disposal of sewage, garbage, recycling and other waste, or the production, transmission, delivery

and furnishing of water, gas, electricity or communication services to the public.

W

WALKWAY

means a structure that provides pedestrian access between shore and the boat mooring portion of a dock.

WATER RECREATION

means recreational uses and activities on a body of water, but excludes any permanent or seasonal dwelling use or temporary accommodation on a vessel, watercraft, houseboat, float home or similar craft.

WATERFRONT

means land that borders a body of water and, in tidal areas, that is upland of the natural boundary of the water.

WINERY OR CIDERY

see alcohol production.

Y

YARD, FRONT

means the area between the side lot lines extending from the front lot line to the line equal to the minimum required building setback from the front lot line. Where a lot abuts a road and water, the lot line adjacent to the waterway is designated as the front lot line. In the case of a through lot there shall be two (2) such front yards.

YARD, REAR

means the area between the side lot lines extending from the rear lot line to the line equal to the minimum required building setback from the rear lot line.

YARD, SIDE

means the area between side lot lines extending from the front lot line to the line equal to the minimum required building setback from the side lot line.

Z

ZONE

means any of the areas into which the ACRD is divided in accordance with this Bylaw, and for which specific regulations are set out in this Bylaw.

PART 3 | GENERAL REGULATIONS

3.1 General Compliance

No lots, buildings or structures in any zone shall be used by the owner, occupier, or any other person for any use, except one which is provided in this Bylaw as being specifically permitted for the zone in which it is located.

3.2 Permitted Uses

3.2.1 No lot, building or structure may be used for what is not specifically listed under the headings “Permitted principal uses” or “Permitted accessory uses” in the zone in which the lot, building or structure is located. No building or structure may be placed, constructed, sunk into, erected, moved, sited, altered or enlarged for any use other than a specifically permitted use in that zone. For greater certainty:

- 1) A use listed under “Permitted accessory uses” is only permitted if a use listed under “Permitted principal uses” is lawfully established and ongoing.
- 2) A use not specifically permitted in a zone is prohibited from that zone.
- 3) A use not specifically permitted in this Bylaw is prohibited from the ACRD.

3.2.2 All permitted uses shall comply with relevant federal and provincial regulations.

3.2.3 Exemptions from the restrictions of subsection 3.2.1 include the following uses, which are permitted in all zones:

- 1) parks, trails and playgrounds;
- 2) roads;
- 3) off-street parking;
- 4) utilities;
- 5) community gardens;
- 6) natural areas.

3.2.4 Exemptions from the minimum lot area and width requirements of this Bylaw:

- 1) utilities including:
 - i. pumping stations, pressure-reducing stations, switching stations, radio repeater stations, microwave towers, telecommunications towers, weather stations and similar uses having a maximum area of 0.2 ha;
 - ii. rights-of-way for railways, conduits, transmission lines, gas pipelines and similar uses;
- 2) but does not include uses permitted under the Community Service or Resource zones.

3.3 Lot Regulations

3.3.1 Minimum lot area and lot width requirements of this Bylaw are intended to apply to the creation of new lots; they do not apply to a subdivision that:

- 1) combines two (2) or more lots into a single lot, or
- 2) does not increase the number of lots and adjusts the boundary between existing adjoining lots, provided that the boundary change does not result in a reduction of either lot by 20% or more of the original lot area.

- 3.3.2 Subject to compliance with zone specific and private and group moorage facilities regulations in this Bylaw, the following waterfront access facilities are permitted in all zones, and exempt from minimum required setbacks in this Bylaw:
- 1) wharves, piers, docks, floats and boat-launching facilities constructed, leased, kept or maintained for the general public;
 - 2) walkways parallel to the foreshore;
 - 3) dock landings and walkways perpendicular to the foreshore only where to gain access from a float or wharf or otherwise inaccessible property abutting the foreshore.

3.4 Location and Siting of Structures

- 3.4.1 No building or structure shall be constructed, reconstructed, altered, moved or extended by the owner, occupier, or any other person so that it contravenes the requirements of this Bylaw, for the zone in which it is located.
- 3.4.2 No principal building shall be located in any required front, side or rear yard, and except where one or more lots is in an air space lot, no principal building shall be located so as to be within more than one (1) lot.
- 3.4.3 No building or structure shall be constructed, reconstructed, altered, moved or extended, unless otherwise specified in this Bylaw:
- 1) on ground below the flood construction level established by designated 200-year floodplain mapping, unless a location is determined to be safe for the intended use by a qualified professional with training in geotechnical study and geohazard assessments. Where the 200-year floodplain has not been established and in the absence of an assessment by a qualified professional, a minimum 3 m flood construction level above the natural boundary of the ocean, a lake or a major stream as defined by this Bylaw, is required; and
 - 2) within 15 m of the natural boundary of a minor stream and 30 m of the natural boundary of a major stream; and
 - 3) within 15 m of the natural boundary of any lake; and
 - 4) within 15 m of the natural boundary of the ocean.
 - 5) These restrictions do not apply to industrial and commercial buildings and structures where the use of the waterfront is a necessary subsidiary part of the business activity.

3.5 Height Exemptions of Buildings and Structures

- 3.5.1 The following structures or structural parts are not subject to the building height requirements of this Bylaw:
- 1) spires of churches or other places of worship
 - 2) belfries
 - 3) domes
 - 4) chimneys
 - 5) monuments
 - 6) cupolas
 - 7) silos
 - 8) grain bins and storage
 - 9) flag poles

- 10) masts
- 11) aerials
- 12) monitors
- 13) stadiums
- 14) water tanks
- 15) fire and hose towers
- 16) transmission towers
- 17) radio towers
- 18) cooling towers
- 19) drive-in theatre projection screens
- 20) elevator and ventilating machinery penthouses
- 21) telecommunications towers
- 22) solar collectors
- 23) wind turbines

provided that the structure shall not cover more than 20% of the lot or, if located on a building, not more than 10% of the roof area of the building.

3.6 Projections

- 3.6.1 The following features may project into a required front, side and rear yard:
- 1) stairs and wheelchair ramps;
 - 2) eaves, gutters, cornices, sills, bay windows, chimneys, ornamental features or other similar features, provided that the projection does not exceed 1 m or 0.6 m in the case of a required side yard of less than 1.5 m in width;
 - 3) marquees, canopies, open porches and decks, provided that the projection does not exceed 1.8 m or 50% of the width of the required side yard;
 - 4) balconies, awnings and sun shades, provided that the projection does not exceed 1.2 m and is not supported by columns;
 - 5) an uncovered patio or terrace (either open or enclosed) in any required yard in a Residential zone, excludes attached or detached wood structures above ground level. An awning or sun umbrella is permitted on a patio or terrace.
 - 6) arbors and trellises, fish ponds, ornaments, flag poles or similar landscape features;
 - 7) an uncovered swimming pool, provided that the pool
 - i. is not located in the required front yard,
 - ii. is not nearer than 3 m to any lot line, and
 - iii. meets regulations for pools in the ACRD Building Bylaw.
 - 8) a covered or roofed swimming pool, provided that the pool
 - i. is not located in the required front yard,
 - ii. is not nearer than 3 m to any lot line,
 - iii. is fenced and fitted with a safety gate,
 - iv. is subject to compliance with the regulations governing accessory buildings, structures and uses in this Bylaw, and
 - v. meets regulations for pools in the ACRD Building Bylaw.
 - 9) fuel service pumps or pump islands in a required front, rear or side yard, provided that the pump or pump island is located no closer than 4.5 m to any lot line. Canopies erected above a pump or pump island may project more than 1.8 m into a required front yard, provided the canopy is located no closer than 4.3 m to any lot line.

3.7 Vision Clearance at Intersections

- 3.7.1 Other than a permitted principal building, no fence, wall or other structure shall be more than 1 m high, and no hedge, bush, shrub, tree or other plant shall be allowed to grow so that it obstructs vision clearance in the area bounded by:
- 1) the intersecting lot lines at a street corner and a straight line adjoining points along the lot lines 10 m from their point of intersection, or
 - 2) the intersection lot lines at a lane corner and a straight line joining points along the lot lines 6 m from their point of intersection. A lane intersection includes the intersection of a lane with any other lane or with a street.

3.8 Fences

- 3.8.1 Fence height limitations do not apply to the following, provided any required screening is maintained:
- 1) a permitted agriculture or farm use
 - 2) land in the ALR
 - 3) keeping of animals as an accessory use
 - 4) for recreational uses, such as playing field, public playground, park, and golf course, if constructed of materials that permit visibility
- 3.8.2 Maximum fence height for fences in Residential, Recreational Residential, Rural, Mixed-Use, Resource, and Comprehensive Development zones is:
- 1) 1.8 m if located in a front yard or side yard abutting a road, and may be increased to 2 m if constructed of materials that permit visibility.
 - 2) 2 m if located in the rear or side yard.
 - 3) Where a lot abuts road and water, the lot line adjacent to the waterway is designated as the front lot line, and a 1.8 m fence is permitted on the front and rear lot line.
- 3.8.3 Maximum fence height in Commercial, Community Service, Industrial and Institutional zones is 2.5 m.
- 1) Maximum height for fences constructed of materials that permit visibility is 3.7 m.
- 3.8.4 The height of a fence or wall shall be measured from the ground at the average natural grade within 1 m of both sides of the fence or wall, to the highest part of the fence.
- 3.8.5 Gates are exempted from the maximum fence height.
- 3.8.6 No fences are permitted within the foreshore of any body of water.
- 3.8.7 Any portion of a retaining wall that projects above the surface of the ground which it supports shall be considered as a fence and shall be subject to the regulations of this section.
- 3.8.8 Where a retaining wall has been constructed along a lot line, the height of a fence or wall shall be measured from the surface of the ground which the retaining wall supports at the average grade within 1 m of the retaining wall.

3.9 Conversion of Buildings

- 3.9.1 Buildings may be converted, altered or remodelled for another use provided that:
- 1) a building permit application is submitted and approved prior to construction; and
 - 2) the converted building shall conform to all the provisions and regulations specified for the zone in which it is located.

3.10 Accessory Buildings, Structures and Uses

- 3.10.1 Accessory buildings and structures shall not be constructed unless:
- 1) a principal building has been erected on the same lot;
 - 2) a principal building will be erected simultaneously with the accessory building or structure on the same lot; or
 - 3) a principal use is in effect.
- 3.10.2 Accessory buildings and structures shall not be used as a dwelling unit, except as otherwise permitted as an accessory dwelling unit by the provisions in this Bylaw, and shall not include kitchen facilities unless otherwise permitted in this Bylaw.
- 3.10.3 Accessory buildings and structures shall not be located, unless otherwise provided for in this Bylaw:
- 1) within a required front yard;
 - 2) within 1 m of a side or rear lot line.
- 3.10.4 In Rural zones, the provisions of 3.10.3 (2) are increased to 4.5 m.
- 3.10.5 A building or structure that is attached to a principal building by at least 66% of the length of any of its sides is not deemed to be an accessory building, and is considered an extension or addition to the principal building.
- 3.10.6 Accessory buildings and structures height maximums are specified in each zone. In zones where graduated height is permitted, the height of an accessory building or structure may be increased by 0.3 m vertical distance, as established in the zone, for every 0.6 m increase in excess of the minimum side and rear yard setbacks established by this Bylaw, to a maximum of the principal building height.
- 1) In Rural zones, the graduated height provisions may be increased by 0.3 m vertical distance for every 1.2 m increase in excess of minimum side and rear yard setback requirements, to a maximum of the principal building height.
- 3.10.7 In non-Residential zones (Commercial, Industrial, Parks and Recreation):
- 1) On a corner lot an accessory building or structure shall not be located closer to the flanking street than the principal building on the same lot nor closer than the required setback from the flanking street of the principal building on an adjoining lot or, where the lots are separated by a lane, the lot on the opposite side of the lane.

- 2) Accessory buildings and structures shall not be located within 3 m of the rear lot line of an adjoining Residential zoned lot.

3.10.8 A structure for sheltering a boat may be located between the principal building and a waterway giving boat access, regardless of its location in a required front, rear or side yard.

3.10.9 The total combined lot coverage of all accessory buildings and structures is restricted to the greater of:

- 1) 5% of the area of the lot; or
- 2) 62 m² in Residential 1 and Residential 2 zones;
- 3) unless otherwise specified in this Bylaw.

3.10.10 On lots greater than 0.8 ha in a Rural 1, Rural 2, Rural 3, Resource, Residential 1, Residential 2 or Residential 3 zone, one (1) secondary mobile home may be permitted in addition to a single detached dwelling provided that:

- 1) there is only one (1) principal building located on the property and it is occupied as a single detached dwelling;
- 2) the setbacks for the mobile home are the same as the requirements for the principal dwelling unit;
- 3) there is no accessory dwelling unit on the lot; and
- 4) for land in the ALR, the use of a mobile home as an additional residence must be consistent with the *Agricultural Land Commission Act and Regulations*, or may require approval through an application to the ALC.

3.11 Accessory Dwelling Units

3.11.1 One (1) accessory dwelling unit shall be permitted in any of the following forms:

- 1) a secondary suite located within or attached to a single detached dwelling,
- 2) a dwelling unit above a garage or other accessory building,
- 3) in a detached accessory building or manufactured home on the same lot as the principal dwelling unit.

3.11.2 One (1) accessory dwelling unit may be permitted where all the following conditions are met:

- 1) the lot is within an Official Community Plan area;
- 2) the lot is in a Rural 1, Rural 2, Rural 3, Resource, Residential 1, Residential 2 or Residential 3 zone;
- 3) the lot has a minimum lot area of 0.4 ha;
- 4) the lot contains a principal single detached dwelling unit or the accessory dwelling unit will be constructed simultaneously with a proposed principal dwelling unit;
- 5) the accessory dwelling unit is occupied or intended to be occupied as a permanent residence;
- 6) the accessory dwelling unit may not be occupied unless an occupancy permit has been issued for it;
- 7) the lot meets federal and provincial health requirements for sewage disposal and potable water; and

8) on land in the ALR, an accessory dwelling unit is subject to conditions in the *Agricultural Land Commission Act and Regulations*, or may require approval through application to the ALC.

3.11.3 An accessory dwelling unit is only permitted in a Residential 3 zone where the primary use is a single detached dwelling.

3.11.4 No more than one (1) accessory dwelling unit or secondary mobile home is permitted on any Rural or Residential lot.

3.11.5 An accessory dwelling unit shall:

- 1) have a floor area of not more than 90 m² in size;
- 2) only be one (1) storey;
- 3) contain its own separate entrance and exit to the outside;
- 4) meet the needs of a self-contained dwelling unit;
- 5) not be a separate strata unit; and
- 6) provide one (1) off-street parking space for the exclusive use of the occupant(s) of the accessory dwelling unit, in accordance with regulations for off-street parking in this Bylaw.

3.11.6 An accessory dwelling unit shall not be located, unless otherwise provided for in this Bylaw:

- 1) within a required front yard;
- 2) in Residential zones, within 3 m of a side or rear lot line; or
- 3) in Rural and Resource zones, within 4.5 m of a side or rear lot line.

3.12 Caretaker Use

3.12.1 Caretaker use that is accessory to a non-residential principal use may be permitted in the following circumstances:

- 1) as specified in the respective zones in this Bylaw, or
- 2) where the premises cannot be effectively secured or where public safety might be endangered by lack of supervision.

3.13 Temporary Buildings and Structures

3.13.1 A temporary building or structure is an accessory building or structure that is not intended to be permanent and, other than a garage or other accessory building, shall not have its exterior walls supported on continuous or masonry foundations or walls.

- 1) Temporary buildings or structures include shipping containers, custom-built manufactured units or any other similar type of portable building or structure, whether or not it is placed on foundations or affixed to the land in any way.

3.13.2 A temporary building or structure shall not be used as a dwelling and cannot be rented or used for commercial purposes.

3.13.3 Placement of a temporary building or structure is permitted subject to the following conditions:

- 1) Subject to the height, lot coverage, and setback requirements for accessory buildings and structures applicable to the zone in which they are located.

- 2) Shipping containers shall not be stacked or placed on top of another shipping container, building or temporary structure.
- 3) A temporary building or structure shall not be used for occupancy by people.

3.14 Temporary Dwelling in a Recreational Vehicle

- 3.14.1 One (1) recreational vehicle is permitted on a lot for temporary dwelling use.
- 3.14.2 A recreational vehicle cannot be rented or used for commercial purposes.
- 3.14.3 Temporary siting of a recreational vehicle is permitted for the property owner while a permitted dwelling is being constructed, subject to the following requirements:
 - 1) Where a principal dwelling unit is under construction with an active building permit, one (1) recreational vehicle may be occupied as a dwelling unit, provided that the recreational vehicle is and continues to be habitable.
 - 2) The recreational vehicle shall cease to be used as a dwelling upon completion of construction of the principal dwelling unit or upon the expiry and non-renewal of the building permit for the principal dwelling unit.
 - 3) Sewage must be contained and disposed of in accordance with federal and provincial regulations.
 - 4) The recreational vehicle is sited in accordance with the setback requirements for principal buildings in the applicable zone, including not located in the required front, rear or side yard setbacks.
- 3.14.4 A recreational vehicle may be used as a dwelling unit for temporary accommodation, subject to the following requirements:
 - 1) In Rural zones, one (1) recreational vehicle may be used as a dwelling unit on a lot for up to 60 days, consecutive or non-consecutive, in any 12 month period.
 - 2) In Residential zones, one (1) recreational vehicle may be used as a dwelling unit on a lot for up to 15 days, consecutive or non-consecutive, in any 12 month period.
 - 3) A recreational vehicle may be used as a dwelling unit on a lot that permits a campground use, subject to the specified time restrictions in the zone.
 - 4) Temporary dwelling in a recreational vehicle is only permitted on a lot with a principal dwelling unit.
 - 5) Sewage must be contained and disposed of in accordance with federal and provincial regulations.
 - 6) The recreational vehicle shall be located 4.5 m from a lot line, and not located in the required front yard setback.

3.15 Home Occupation

- 3.15.1 A home occupation or business shall be conducted entirely indoors within a principal dwelling unit, accessory dwelling unit, accessory building or in a combination thereof, except a kindergarten, daycare or preschool which may have an outdoor play area.
- 3.15.2 Except in 3.15.3, the floor area used for a home occupation in a principal dwelling or accessory dwelling unit and/or accessory building shall not exceed 40 m².
- 3.15.3 In Beaufort and Beaver Creek OCP areas only, on a lot in a Rural or Residential zone, the floor area used for a home occupation is subject to the following requirements:

- 1) shall not exceed 50% of the floor area of the dwelling if located within a principal dwelling or accessory dwelling unit, and
 - 2) shall have no maximum floor area if located within an accessory building.
- 3.15.4 A home occupation is only permitted in a Residential 6 zone in a single detached dwelling or accessory building.
- 3.15.5 No more than three (3) persons, at least one (1) of whom must reside in the dwelling unit, may be engaged in the home occupation.
- 3.15.6 There shall be no external storage of materials, containers, finished products or equipment associated with a home occupation, except for a kindergarten, daycare or preschool.
- 3.15.7 There shall be no indication, other than a single non-illuminated sign of a maximum 1 m², that the lot and its building are being utilized for any purposes other than residential use.
- 3.15.8 The premises must not be used for manufacturing, warehousing or any other industry, or no part of the premises may be used primarily for retail uses.
- 3.15.9 Parking for all vehicles in connection with a home occupation shall be located on the lot used for the home occupation, in accordance with regulations for off-street parking in this Bylaw.
- 3.15.10 No more than one (1) kindergarten, daycare, preschool or dance school is permitted on a lot.
- 3.15.11 The operation of a kindergarten, daycare or preschool as a home occupation shall be for a maximum of eight (8) children at any one time or as permitted by provincial licence.
- 3.15.12 The operation of a dance school as a home occupation shall be limited to a maximum of eight (8) students at any one time.
- 3.15.13 The operation of a bed and breakfast, or boarding and lodging, as a home occupation shall be for a maximum of four (4) guests, with the tenant or owner residing in the building; and all rooms must be located in and accessed from the principal dwelling unit.
- 3.15.14 A home occupation shall not involve the following, unless otherwise permitted in the Bylaw:
- 1) materials that produce flammable or explosive vapours or gases under ordinary temperatures;
 - 2) the use of mechanical equipment other than equipment similar to that ordinarily employed for residential purposes;
 - 3) external production or storage of materials, vehicles or equipment associated with a contractor, trade or mobile service, or containers or finished goods, except for the temporary storage of harvested crops;
 - 4) warehousing, closed storage, and open storage;
 - 5) commercial kennel;

- 6) coffee roasting;
- 7) marshalling or assembly of persons working for a business conducted off-site;
- 8) cannabis production and processing, medical or non-medical; and
- 9) the salvage, repair, detailing, painting, storage, or sale of motor vehicles, boats, or other machinery as a commercial venture. On lots within the Beaufort and Beaver Creek OCP areas, motor vehicle repair and detailing are permitted as a home occupation use.

3.15.15 On land in the ALR, a home occupation is subject to conditions in the *Agricultural Land Commission Act and Regulations*, or may require approval through an application to the ALC.

3.16 Home Industry

3.16.1 A home industry may be conducted in an accessory building or structure or outside, or in a combination, but not in a dwelling unit.

3.16.2 The minimum lot area for home industry use is 2 ha.

3.16.3 The maximum total area of home industry use on a lot is 200 m².

3.16.4 No more than four (4) persons, at least one of whom must reside in the dwelling unit, may be engaged in the home industry.

3.16.5 A home industry shall not be located on a lot unless a principal dwelling unit already exists, or is being constructed simultaneously, on the same lot.

3.16.6 Parking for all vehicles in connection with a home industry shall be located on the lot used for the home industry, in accordance with regulations for off-street parking in this Bylaw.

3.16.7 A fully landscaped, screened and buffered area, 10 m in depth, shall be maintained between home industry uses and adjacent lots, public lands and public roads. The buffered area may include natural vegetation.

3.16.8 The minimum setbacks for home industry uses are:

- 1) 15 m provided the use is contained within an accessory building or structure;
- 2) 30 m if the use is not contained within a building or structure; and
- 3) 15 m from a minor stream and the ocean, or 30 m from a major stream.

3.16.9 A home industry shall not involve the following, unless otherwise permitted in the Bylaw:

- 1) wrecking, salvage or storage of derelict vehicles and equipment;
- 2) the salvage, storage, or sale of motor vehicles, boats, or other machinery as a commercial venture;
- 3) warehousing, closed storage, and open storage of vehicles, boats and recreational vehicles;
- 4) manufacture of concrete products;

- 5) sawmilling;
- 6) bulk fuel or chemical storage or refining depots;
- 7) marshalling or assembly of persons working for a business conducted off-site;
- 8) cannabis production and processing, medical or non-medical; and
- 9) the production of animal feeds.

3.16.10 For land in the ALR, a home industry is subject to conditions in the *Agricultural Land Commission Act and Regulations*, and may require approval through an application to the ALC.

3.17 Upland Aquaculture

3.17.1 The minimum setback for all buildings, nursery facilities and grow-out ponds from all lot lines is 15 m.

3.17.2 Aquaculture shall be conducted within a building except for necessary nursery facilities and grow-out ponds.

3.17.3 The perimeter of all upland aquaculture facilities must be enclosed by a chain-link type fence of not less than 1.5 m in height, and include landscape screening. All gates must be self-closing with locking mechanisms located on the inside of the gate to prevent public access.

3.18 Private and Group Moorage Facilities

3.18.1 In addition to the requirements of this Bylaw and Provincial General Permission, there may be applicable requirements from the province for private moorage facilities, where applicable on Crown land, and requirements from other relevant federal and provincial regulations.

3.18.2 A property owner must obtain a tenure from the Province for a Specific Permission dock, Commercial Marina or group moorage facility, where applicable on Crown land.

- 1) Group moorage of less than three (3) berths, must receive Provincial Specific Permission, where applicable on Crown land.
- 2) Group moorage, more than three (3) berths with no commercial uses, must receive authorization under the Provincial Residential Policy, where applicable on Crown land.
- 3) Group moorage with commercial uses must receive authorization under the Provincial Commercial Marina Policy, where applicable on Crown land.
- 4) Moorage for adventure tourism activities must receive authorization under the Adventure Tourism Policy, where applicable on Crown land.

3.18.3 Requirements for private and group moorage facilities on all land in the ACRD, including Crown and private land, include:

- 1) One (1) private or group moorage facility is permitted per adjacent waterfront lot.
- 2) A private or group moorage facility shall be used for private residential and group residential moorage only and must not be used for commercial uses, excluding for shared costs for dock maintenance or improvement purposes.
- 3) Group moorage docks must have a spill kit and fire extinguisher.

- 4) No dock can be located in an area designated as being environmentally sensitive, overlapping with other authorizations, or without authorization of the upland property owner, unless authorized by the ACRD.
- 5) All docks must be oriented at right angles to the general trend of the shoreline and must not interfere with the riparian rights of an adjacent property.
- 6) All docks must be on pilings, suspended or floating at all times to ensure the dock structures are not grounded at low water/low tide.
- 7) A dock must be connected to the shore and the connection must provide pedestrian access to the dock.
- 8) Where an unlighted private moorage facility is likely to constitute a navigational nuisance, adequate lighting may be required.
- 9) Requirements for improvements to private and group moorage facilities include:
 - i. The only permanent improvements permitted as part of a dock are those necessary for mooring a vessel, watercraft or boat (including non-overhead boat lifts, pilings and anchor lines), a dock roof providing shelter, and a walkway.
 - ii. Beach houses, storage sheds, hot tubs or other similar improvements are not permitted on a dock.
 - iii. Maximum of one (1) dock roof is permitted per adjacent waterfront lot.
 - iv. Maximum footprint of a dock roof is specified in each Water zone where permitted.
 - v. Improvements not permitted under Provincial General Permission, must be applied for to the Province for Specific Permission or under the Residential Policy, where applicable on Crown land.
- 10) The number of allowable berths, and the size and length of a dock and permitted improvements, are specified in each Water zone.

3.19 Keeping of Animals

- 3.19.1 Section 3.19 shall apply to all zones where agriculture use or animal care is a principal or accessory use, with the exception of land in the ALR.
- 3.19.2 Section 3.19 does not apply to land in the ALR, with the exception of 3.19.14 and 3.19.15.
- 3.19.3 Keeping of animals shall follow federal and provincial best practices to avoid conflict with wildlife.
- 3.19.4 Temporary increases to the number of animals for breeding or replacement of stock is permitted, excluding for commercial kennel use.
- 3.19.5 On a lot less than 2 ha in a Residential zone, the keeping of domestic pets, livestock, poultry or bees for commercial or domestic purposes must be accessory to the residential use.

3.19.6 Maximum number of animals permitted per lot in Rural, Resource and Residential zones not in the ALR:

Lot size	Maximum number of domestic pets	Maximum number of livestock	Maximum number of poultry	Maximum number of beehives
Less than 0.4 ha	4	2	12 hens or ducks (except 3.19.7)	4
0.4 ha or greater	6	4	24 hens or ducks (except 3.19.7)	6

- 3.20.4 A change in use or modification of a building, structure or lot shall result in a recalculation of parking requirements in accordance with this section, which may result in requirements for additional or fewer parking spaces to be provided.
- 3.20.5 Where the number of employees is used as a unit of measurement for the calculation of required parking spaces, it shall mean greatest number of persons at work, at any time of the day or night, in a particular building or for a particular use during any season of the year.
- 3.20.6 Where seating accommodation is used as a unit of measurement and where such accommodation consists of benches, pews, booths and similar seating, each 50 cm of width of such seating shall be counted as one seat.
- 3.20.7 Where a building, structure or use is not specifically mentioned or defined, the required off-street parking spaces for that use shall be the same as for a similar use.
- 3.20.8 All required off-street parking spaces shall be used only for the purpose of accommodating the vehicles of clients, customers, employees, members, visitors, residents or tenants who make use of the principal building, structure or use for which the parking area is provided. Such parking areas shall not be used for off-street loading, driveways, street access, access aisles, commercial repair work or display, or sale or storage.
- 3.20.9 Where more than one (1) building, structure or use is located on a lot or involves collective parking for more than one (1) use, building, or structure, the total number of parking spaces shall be the sum of the various classes of buildings, structures or uses, including accessory buildings, structures and uses, calculated separately, and a space required for one (1) building, structure or use shall not be included in calculations for any other building, structure or use.
- 3.20.10 In Rural zones, any number of vehicles, boats, boat trailers, utility trailers, recreational vehicles, and similar items may be parked and/or stored within a structure or in the open in a location other than the required front yard.
- 3.20.11 In Residential zones, the maximum number of vehicles, boats, boat trailers, utility trailers, recreational vehicles and similar items may be parked and/or stored in accordance with the following:
- 1) Any number for personal use shall be parked or stored within a permanent building or structure;
 - 2) Two (2) commercial, work or business vehicles necessary for employment by a member of the household, not exceeding a 1-tonne rating or 18 passenger capacity;
 - 3) One (1) dismantled or wrecked vehicle for temporary storage of not more than 30 successive days;
 - 4) Not more than four (4) of any combination of the following:

- i. Personal boats;
- ii. Personal boat trailers;
- iii. Recreational vehicles;
 - a. stored recreational vehicles shall not be connected to a sewage disposal system or water system.
- iv. Utility, flat deck or cargo style trailers.

3.20.12 Parking and parking areas are not permitted within 1 m of a side and rear lot line.

3.20.13 Storage in the required front yard is permitted in accordance with the following:

- 1) One (1) boat may be stored in the required front yard if the lot adjoins a waterway giving boat access.
- 2) One (1) recreational vehicle may be stored in the required front yard where the location of an existing residence or sewage disposal facilities precludes vehicular access to the rear yard.

3.20.14 All parking requirements for a residential building, structure or use shall be provided on the same lot as the building.

3.20.15 All off-street parking spaces shall comply with the following minimum dimensions, unless otherwise specified in this Bylaw:

- 1) Length 5.5 m
- 2) Width 2.6 m

3.20.16 Where a parking space abuts a fence, wall or other structure, the width of the parking space shall be increased by 0.3 m along any side that abuts such fence, wall, building or other structure to enable the opening of vehicular doors.

3.20.17 Minimum access aisle widths shall be:

<u>Parking Angles</u>	<u>Width of Aisle</u>
Up to 45°	3.7 m
46° to 60°	5.2 m
61° to 90°	6.7 m

3.20.18 Access aisles that are intended for two-way traffic flow shall be not less than 6 m in width.

3.20.19 All parking lots and parking areas shall be provided with adequate vehicle stops and curbs in order to retain all vehicles within the parking lot or parking area, and to ensure

that any fences, walls, hedges, landscaped areas or buildings will be protected from any vehicles using the parking lot or parking area.

3.20.20 Where the uses, buildings or structures of a lot require more than 10 off-street parking spaces, the parking lot or parking area and access aisles shall be paved or covered with some other hard, durable and dust-free surface and shall be graded to provide proper drainage for surface water.

3.20.21 Where 10 or more off-street vehicle parking spaces are provided under this Bylaw in connection with a use, building or structure, bicycle parking facilities shall be provided at a ratio of one (1) bicycle space for every 10 vehicle spaces.

3.20.22 Where parking spaces are provided under this Bylaw, the minimum number of accessible spaces required shall include:

Total number of required off-street parking spaces	Minimum number of accessible spaces
1-20	1
21-40	2
41-60	3
Greater than 60	1 space per 25 stalls

3.20.23 All accessible parking spaces must:

- 1) Be a minimum of 3.7 m in width and 5.5 m in length and provided on one (1) side with an access aisle not less than 1.5 m wide;
- 2) have a firm, slip-resistant and level surface;
- 3) be located close to an accessible building entrance; and
- 4) be clearly marked as being for the use of persons with physical disabilities.

3.20.24 Any lighting used to illuminate any parking lot shall be arranged so that all direct rays of light are reflected upon the parking area and not on any adjoining lot.

3.20.25 The provisions of subsections 3.19.17 and 3.19.18 are inapplicable if the lot is part of a substantial area that is not accessible to vehicles, provided that an off-street parking area is provided in accordance with this Bylaw for the building, structure or use.

3.20.26 Where a lot is only accessed by water and not situated adjacent to a public road, the equivalent number of parking spaces relating to the associated use, building or structure shall be provided at an alternative off-street parking site secured by agreement with the parking site property owner and approved by the ACRD. Where there is an approved moorage facility attached to the water access only lot, required off-street parking spaces may be substituted for moorage facility vessel berths at a 1:1 ratio.

3.21 Off-street Loading

3.21.1 Where any building, structure or use is established on any lot, off-street loading areas shall be provided and maintained for the permitted building, structure or use in accordance with the regulations of this section. The number of loading spaces required shall be as shown below:

Building, structure or use	Off-street loading spaces required
Retail store, wholesale business, warehouse and other similar uses of less than 465 m ²	1 space
Retail store, wholesale business, warehouse and other similar uses of 465 to 2,323 m ²	2 spaces
Retail store, wholesale business, warehouse and other similar uses of 2,324 to 5,574 m ²	3 spaces
Retail store, wholesale business, warehouse and other similar uses of more than 5,574 m ²	3 spaces plus 1 additional space per 5,574 m ² or fraction thereof
Office, place of assembly, place of worship, hospital, institution, hotel, auditorium, utility, school or other similar uses of less than 2,787 m ²	1 space
Office, place of assembly, place of worship, hospital, institution, hotel, auditorium, utility, school or other similar uses of 2,787 to 5,575 m ²	2 spaces
Office, place of assembly, place of worship, hospital, institution, hotel, auditorium, utility, school or other similar uses of more than 5,575 m ²	2 spaces plus 1 additional space per 5,574 m ² or fraction thereof
Industry and airport use	1 space per 2,000 m ² or portion thereof in all buildings located on the lot, except where a use, building or structure requires fewer than 4 parking spaces, then no loading space is required

- 3.21.2 A change or modification of a building, structure or use shall result in a recalculation of loading requirements in accordance with this section, which may result in requirements for additional or fewer parking spaces to be provided.
- 3.21.3 Where more than one (1) building, structure or use is located on a lot or involves collective loading for more than one (1) use, building or structure, the total number of loading spaces shall be the sum of the various classes of buildings, structures or uses calculated separately, and a space required for one (1) building, structure or use shall not be included in calculations for any other building, structure or use.
- 3.21.4 All required off-street loading spaces shall be located on the same lot as the building, structure or use that they serve.
- 3.21.5 Loading spaces and facilities shall not be located within a required front yard or less than 7.6 m from the nearest point of intersection of the lot lines of any two (2) road rights-of-way.
- 3.21.6 All off-street loading and unloading spaces shall be designed to accommodate a vehicle at least 9 m in length, 2.5 m in width and 3.7 m in height.
- 3.21.7 All loading spaces shall be provided with adequate vehicle stops and curbs in order to retain all vehicles within the loading area, and to ensure that any fences, walls, hedges, landscaped areas or buildings will be protected from any vehicles using the loading area.

- 3.21.8 The loading spaces and access aisles shall be paved or covered with some other hard, durable and dust-free surface and shall be graded to provide proper drainage for surface water.
- 3.21.9 Any lighting used to illuminate any loading spaces shall be arranged so that all direct rays of light are reflected upon the loading area and not on any adjoining lot.
- 3.21.10 The provisions of subsection 3.21.7 and 3.21.8 are inapplicable if the lot is part of a substantial area that is not accessible to vehicles, provided that an off-street loading area is provided in accordance with this Bylaw for the building, structure or use that will be completed within six months of the provision of vehicular access.
- 3.21.11 The provisions of subsection 3.21.8 are inapplicable if the lot is part of a substantial area where public highways are not hard-surfaced, provided that the loading area is kept dust-free and is surfaced in accordance with subsection 3.21.8.

4.2 Zoning Maps

The location and extent of each zone established by this Bylaw is shown on the zoning maps of the ACRD and which form part of this Bylaw. This paper copy represents the official version of the location and extent of the zones on adoption of this Bylaw, but the electronic version on file at the ACRD office is the official version for legal interpretation purposes and future updating, noting:

- 1) Where there is a conflict between the electronic version and the attached paper version as of the date of adoption of this Bylaw, the electronic version prevails;
- 2) The base or underlying layers of information (e.g. subdivisions, road layouts, etc.) on the zoning map may be updated to reflect development without further amendment to this Bylaw; but
- 3) The location and extent of zones may only be updated in accordance with official amendments to this Bylaw, adopted by bylaw.

4.3 Zone Boundaries

4.3.1 Where a zone boundary is shown on the zoning maps as following a road allowance or a stream, the centre-line of such road allowance or stream shall be the zone boundary.

4.3.2 Where a zone boundary is shown on the zoning maps as following the boundary of or encompassing waters designated by statute as Navigable Waters, the natural boundary shall be the zone boundary.

4.3.3 Where a zone boundary does not follow a legally defined line, and where distances are not specifically indicated, the location of such boundary shall be determined by the use of a scale ruler on the zoning maps.

4.4 Zone Abbreviations

Where zone abbreviations are used within the text of this Bylaw, they have the same meaning as the full textual name.

4.5 Restricted Use

Subject to all other provisions of this Bylaw, land within each zone may only be used and buildings and structures erected and used for the purposes specified in the relevant zone.

4.6 Sub-Zones

Where a slight variation or anomaly legally exists on any lot within a zone category, that lot is considered a variation on the zone category rather than a different zone. The regulations of the zone category apply unless superseded under the specific sub-zone.

4.7 Use of North American Industry Classification System (NAICS)

Where a use permitted in any of the zones listed by Section 4.1 is defined by the use of the NAICS wherein such use is a division, major group, or class of industries, then any industry designated by this Bylaw as being a permitted use within such division, major group or class of industries shall also be as classified by the use of the NAICS, unless otherwise defined in this Bylaw, and any industry classified elsewhere within the NAICS shall not be permitted.

2) A buffer of a minimum 5 m shall be maintained around all areas of excavation, with the exception of points of access and egress. Buffers shall be vegetated, planted, bermed and maintained to screen the lot from roads and adjoining lots.	
3) Where any lot or portion of a lot is used as an outside storage yard for equipment and materials in a location that is not serviced by storm sewers, provision shall be made for containment and treatment of run-off.	
4) Parking and loading facilities may be provided in the required front yard or rear yard, provided that, if in the front, a landscaped area or native vegetation of at least 5 m in depth is maintained within the portion of the lot between the front lot line and the front of the building.	

11.5 Industrial Waste Zone | I5

This zone provides for the storage of environmentally hazardous materials produced as by-products of industrial processes or used directly or indirectly in industrial processes off-site.

11.5.1 Permitted Principal Uses:

- 1) Storage of hazardous or noxious materials including, but not restricted to PCB-contaminated oils or fluids, corrosive chemicals, pesticides, and fertilizers
- 2) On lots with a minimum lot area of 2 ha, the following additional principal uses are permitted:
 - i. Sanitary landfill sites, industrial landfill sites and waste disposal grounds
 - ii. Utility storage and similar uses

11.5.2 Permitted Accessory Uses:

- 1) Accessory buildings, structures and uses

11.5.3 Lot Regulations:

- 1) Minimum lot area 0.24 ha
- 2) Minimum lot width 50 m

11.5.4 Maximum Number of Dwellings Permitted per Lot:

N/A

11.5.5 Maximum Lot Coverage

- 1) For all buildings and structures 60%

11.5.6 Maximum Size (Gross Floor Area):

N/A

11.5.7 Maximum Height:

- 1) Principal building 12 m
- 2) Accessory buildings and structures 10 m

11.5.8 Minimum Setbacks:

- 1) Front, rear and side for all buildings, structures and uses 15 m
- 2) From a Residential, Rural, Parks and Recreation, Community Service or Commercial zone, the storage of hazardous or noxious materials storage containers 1,500 m
- 3) For sanitary landfill sites and waste disposal grounds, from a minor stream, major stream or the ocean 60 m
- 4) From a minor stream, major stream or the ocean for all buildings, structures and uses 60 m

11.5.9 Conditions of Use:

- 1) No outside storage of any hazardous or noxious material or any container in which hazardous materials are contained shall be permitted.
- 2) A hazardous or noxious materials storage lot shall be enclosed by a security fence not less than 2.43 m in height and constructed of chain-link or similar material. The security fence shall contain one entrance only, fitted with a security gate of not less than 2.43 m and also constructed of chain-link or similar material.
- 3) On any lot used for the storage of hazardous or noxious materials, a graveled or paved area shall be located not less than 9 m from all sides of the storage area.
- 4) Construction of a hazardous or noxious materials storage container shall include an impervious and sealed barrier constructed to such a height that it is capable of retaining 150% of the volume of material stored without external spillage occurring.
- 5) Parking and loading facilities may be provided in the required front yard or rear yard, provided that, if in the front, a landscaped or native vegetation area of at least 5 m in depth is maintained within the portion of the lot between the front lot line and the front of the building.

12.1.1 Permitted Principal Uses:

- 1) Parks
- 2) Open space
- 3) Natural areas
- 4) Nature interpretation facilities
- 5) Passive recreation
- 6) Wildlife refuge and arboreta
- 7) Heritage and cultural use

12.1.2 Permitted Accessory Uses:

- 1) Accessory buildings, structures and uses
- 2) Trails
- 3) Playground
- 4) Picnic area
- 5) Parking area

12.1.3 Lot Regulations: N/A

12.1.4 Maximum Number of Dwellings Permitted per Lot: N/A

12.1.5 Maximum Lot Coverage: N/A

12.1.6 Maximum Size (Gross Floor Area): N/A

12.1.7 Maximum Height:

- 1) Accessory buildings and structures 7 m

12.1.8 Minimum Setbacks:

- 1) From all lot lines 6 m
- 2) From a minor stream for all buildings, structures and uses 15 m
- 3) From a major stream for all buildings, structures and uses 30 m
- 4) From the ocean for all buildings, structures and uses 15 m

12.1.9 Exceptions in Particular Locations:

On those lands in Parks and Recreation 1 zones that are identified on the zoning maps by a letter following the zone name, the following additional regulations apply and, where relevant, supersede the P1 regulations:

12.1a Parks and Recreation 1-A Sub-Zone | P1-A

Applies only to the Stopper Islands.

1) Permitted Uses are Restricted to the Following:

- 1) Natural areas
- 2) Heritage conservation

DRAFT

12.2 Parks and Recreation 2 Zone | P2

This zone provides for the maintenance of parks, green space, campgrounds and other low-impact recreational use.

12.2.1 Permitted Principal Uses:

- 1) Parks
- 2) Open space
- 3) Natural areas
- 4) Passive recreation

12.2.2 Permitted Accessory Uses:

- 1) Accessory buildings, structures and uses
- 2) Trails
- 3) Picnic area
- 4) Parking area
- 5) Playground
- 6) Campground
- 7) Park administration offices
- 8) Playing fields

PART 15 | WATER ZONES

15.1 Water 1 Zone | W1

This zone applies to water and provides for water-based recreational use, shipping, open water and foreshore uses accessory to adjoining upland residential uses.

15.1.1 Permitted Principal Uses:

- 1) Marine transportation and shipping
- 2) Movement of vessels, watercrafts or boats and float planes
- 3) Navigational aids
- 4) Water recreation use
- 5) Float plane moorage and taxiing
- 6) Water-bomber moorage and taxiing
- 7) Private moorage facilities, and floating breakwaters
- 8) Group moorage facilities
- 9) Pumping stations, pressure-reducing stations and similar uses
- 10) Fisheries management and environmental protection

15.1.2 Permitted Accessory Uses:

- 1) Where the principal use is fisheries management or environmental protection: accessory buildings, structures and uses
- 2) Where the principal use is private moorage facilities: dock roof

15.1.3 Lot Regulations:

N/A

15.1.4 Maximum Number of Docks and Berths Permitted per Adjacent Lot:

	Floating dock per adjacent waterfront lot	Berths per adjacent freshwater waterfront lot
Vacant Lot, 1 Single Detached Dwelling Unit (on adjacent waterfront lot)	1 dock	2 berths
Duplex (on adjacent waterfront lot)	1 dock	3 berths
Group Moorage (Strata, Mobile Home Park, Campground on adjacent waterfront lot)	1 dock	1 berth for each unit plus a maximum of 3 visitor berths

15.1.5 Maximum Size:

Vacant, Single Detached, Duplex, Group Moorage

- 1) Maximum extent distance for a dock in freshwater from the present natural boundary of the upland lot, from the point where the walkway begins, measured perpendicular from the general trend of the shoreline 42 m
- 2) Maximum extent distance for a dock in marine waters, from the present natural boundary of the upland lot, measured perpendicular from the general trend of the shoreline 60 m

- 3) Width of access ramps or walkways connecting the platform or float to the shore in freshwater or marine waters 2 m
- 4) Width of moorage platform or float, or any other portion of the dock in freshwater or marine waters (excluding access ramp or walkways) 4.9 m
- 5) Maximum footprint of dock roof 23.2 m²

15.1.6 Maximum Height:

- 1) Dock roof, above the surface of the water 3.7 m

15.1.7 Minimum Setbacks:

Vacant, Single Detached, Duplex, Group Moorage

- 1) From the projected side lot line of the waterfront lot , projected onto the foreshore and water 5 m
- 2) From the projected side lot line of a foreshore park zone or park, projected onto the foreshore and water 6 m
- 3) From any existing dock, dock roof, improvement or structure 10 m

15.1.8 Conditions of Use:

- 1) Private and group moorage facilities must comply with regulations in this Bylaw.
- 2) Permanent or seasonal residential use and temporary commercial overnight moorage or accommodation on a vessel, watercraft, float home or houseboat are not permitted within this zone.

15.1.9 Exceptions in Particular Locations:

On those lands in Water 1 zones that are identified on the zoning maps by a letter following the zone name, the following additional regulations apply and, where relevant, supersede the W1 regulations:

15.1a Water 1-A Sub-Zone | W1-A

This sub-zone provides for overnight moorage and accommodation on the water.

1) Permitted Uses:

- 1) Temporary accommodation
- 2) Commercial overnight moorage and accommodation on a boat, vessel, houseboat or watercraft

2) Condition of Use:

- 1) Overnight moorage and commercial accommodation on a boat, vessel, houseboat or watercraft shall be limited to a maximum of seven (7) consecutive days per individual or group.

15.2 Water 2 Zone | W2

This zone applies to water and provides for resource-based and recreational use.

15.2.1 Permitted Principal Uses:

- 1) Marine transportation and shipping
- 2) Navigational aids
- 3) Transportation and storage of forest resources, including log booming, dumping and storage grounds
- 4) Water resource development including intake, storage and transmission conduits and hydro-electric works
- 5) Foreshore and water-based aquaculture including hatchery and nursery facilities, grow-out ponds and pens
- 6) Water recreation use
- 7) Private moorage facilities and floating breakwaters
- 8) Group moorage facilities
- 9) Public moorage facilities operated by a government agency
- 10) Float-plane moorage and taxiing
- 11) Water-bomber moorage and taxiing
- 12) Pumping stations, pressure-reducing stations and similar uses
- 13) Fisheries management and environmental protection

15.2.2 Permitted Accessory Uses:

- 1) Where the principal use is fisheries management or environmental protection: accessory buildings, structures and uses
- 2) Where the principal use is private moorage facilities: dock roof

15.2.3 Lot Regulations:

N/A

15.2.4 Maximum Number of Docks and Berths Permitted per Adjacent Lot:

	Floating dock per adjacent waterfront lot	Berths per adjacent freshwater waterfront lot
Vacant Lot, 1 Single Detached Dwelling Unit (on adjacent waterfront lot)	1 dock	2 berths
Duplex (on adjacent waterfront lot)	1 dock	3 berths
Group Moorage (Strata, Mobile Home Park, Campground on adjacent waterfront lot)	1 dock	1 berth for each unit plus a maximum of 3 visitor berths

15.2.5 Maximum Size:

Vacant, Single Detached, Duplex, Group Moorage

- 1) Maximum extent distance for a dock in freshwater from the present natural boundary, from the point where the walkway begins, measured perpendicular from the general trend of the shoreline 42 m

- 2) Maximum extent distance for a dock in marine waters, from the present natural boundary, measured perpendicular from the general trend of the shoreline 60 m
- 3) Width of access ramps or walkways connecting the platform or float to the shore in freshwater or marine waters 2 m
- 4) Width of moorage platform or float, or any other portion of the dock in freshwater or marine waters (excluding access ramp or walkways) 4.9 m
- 5) Maximum footprint of dock roof 23.2 m²

15.2.6 Maximum Height:

- 1) Dock roof, above the surface of the water 3.7 m

15.2.7 Minimum Setbacks:

Vacant, Single Detached, Duplex, Group Moorage

- 1) From the projected side lot line of the waterfront lot , projected onto the foreshore and water 5 m
- 2) From the projected side lot line of a foreshore park zone or park, projected onto the foreshore and water 6 m
- 3) From any existing dock, dock roof, improvement or structure 10 m

15.2.8 Conditions of Use:

- 1) Private and group moorage facilities must comply with regulations in this Bylaw.
- 2) Permitted foreshore and water-based aquaculture shall be exempt from the zone regulations listed within this zone.
- 3) Permitted log booming, dumping and storage grounds shall be exempt from the zone regulations listed in this zone.

15.3 Water Conservation Zone | W3

This zone applies to both water and sensitive wetland areas and provides for the protection and conservation of those portions of sea coast, lake shore and river or creek banks that are considered to be best retained in or close to their natural state. It is intended to protect aquatic lands and foreshore lands covered by water, either tidal or non-tidal.

15.3.1 Permitted Principal Uses:

- 1) Within intertidal areas, the following principal uses are permitted:
 - i. Navigational aids
 - ii. Fisheries management and environmental protection activities
 - iii. Marine transportation and water recreation uses

15.3.2 Permitted Accessory Uses within Intertidal Areas:

- 1) Private moorage facilities and floating breakwaters

15.3.3 Maximum Number of Docks and Berths Permitted per Adjacent Lot:

	Floating dock per adjacent waterfront lot	Berths per adjacent freshwater waterfront lot
Vacant Lot, 1 Single Detached Dwelling Unit (on adjacent waterfront lot)	1 dock	2 berths
Duplex (on adjacent waterfront lot)	1 dock	3 berths

15.3.4 Maximum Size:

Vacant, Single Detached, Duplex

- 1) Maximum extent distance for a dock in freshwater from the present natural boundary, from the point where the walkway begins, measured perpendicular from the general trend of the shoreline 42 m
- 2) Maximum extent distance for a dock in marine waters, from the present natural boundary, measured perpendicular from the general trend of the shoreline 60 m
- 3) Width of access ramps or walkways connecting the platform or float to the shore in freshwater or marine waters 2 m
- 4) Width of moorage platform or float, or any other portion of the dock in freshwater or marine waters (excluding access ramp or walkways) 4.9 m

15.3.5 Maximum Height:

N/A

15.3.6 Minimum Setbacks:

Vacant, Single Detached, Duplex

- 6) Wharves, piers, docks, floats and boat-launching facilities for the use of water-taxis, ferries, float planes and amphibious vessels
- 7) Wharves, piers, docks, floats and boat-launching facilities necessary for access by boats to commercial uses primarily oriented to water uses and water traffic
- 8) Marine fueling operations
- 9) Marine-oriented clubs such as yacht clubs
- 10) Retail sale of live or fresh fish including shellfish
- 11) Retail sale of fishing supplies, live or fresh bait and other marine equipment
- 12) Floating fishing lodge and facilities including general store
- 13) Temporary accommodation on a boat or vessel for commercial fishing purposes

15.4.2 Permitted Accessory Uses:

- 1) Dredging operations necessary for the construction or maintenance of principal uses
- 2) Caretaker residence on one (1) boat or vessel for purposes of security and fire protection

15.4.3 Lot Regulations:

N/A

15.4.4 Maximum Number of Docks and Berths Permitted per Adjacent Lot :

	Floating dock per adjacent waterfront lot	Berths per adjacent waterfront lot
Commercial Moorage	1 dock	Limited by the lease, licence of occupation area, or extent of zoned area
Duplex (on adjacent waterfront lot)	1 dock	Limited by the lease, licence of occupation area, or extent of zoned area

15.4.5 Maximum Size:

Commercial Moorage

- 1) Maximum extent distance for a dock, width of an access ramp, walkway, platform or float in freshwater or marine waters, measured perpendicular from the general trend of the shoreline
- Limited by the lease, licence of occupation area, or extent of zoned area

15.4.6 Maximum Height:

- 1) All buildings and structures
- 9 m

15.4.7 Minimum Setbacks:

- | | |
|--|------|
| 1) From boundaries of a waterlot, lease or licence area for all structures and floats | 3 m |
| 2) Marine fueling operations from any residence or from any Residential or Waterfront Residential zone | 60 m |

15.4.8 Conditions of Use:

- 1) The following commercial moorage size restrictions are either limited by the extent of the zoned area, or regulated by the Province (each lease or licence of occupation application is assessed on a case-by-case basis):
 - i. Number of berths (determined by the size of tenure).
 - ii. Maximum extent distance for a dock, width of an access ramp, walkway, platform or float in freshwater or marine waters.
- 2) Temporary accommodation on a boat or vessel for commercial fishing purposes shall be limited to a maximum of 30 consecutive days per individual or group, provided that the vessel is docked at a location where on-shore washroom facilities are provided.

PART 16 | COMPREHENSIVE DEVELOPMENT ZONES

16.1 Comprehensive Development 1 Zone | CD1

This zone provides for a mix of land uses including residential, commercial and recreational use with much of the development incorporated into the natural setting. The zone is developed into sub-zones CD1-A, CD1-B, CD1-C and CD1-D.

16.1.1 Definitions specific to this zone and sub-zones:

LAKE COTTAGE	means a single detached dwelling unit built upon a continuous foundation intended to be occupied for temporary accommodation. The maximum floor area of each cottage dwelling unit is 150 m ² .
LODGE	means a single building in which accommodation to visitors or seasonal workers is provided in separate accommodation units, and may include one or more of the following: <ol style="list-style-type: none"> i. restaurants, bistros, cafés and other eateries, or ii. instructional facilities
PARK MODEL	means a trailer that is used for temporary and seasonal accommodation, which conforms to the Canadian Standards Association (CSA) Z241 series standard. Excludes manufactured homes, mobile homes and modular homes.

16.1.2 Overall maximum density permitted in CD1:

- 1) As determined by sewage disposal and potable water supply limitations, the maximum density permitted shall not exceed 8 units of either dwelling units or units for other accommodations per hectare of total land area being developed. For the purposes of this section, the following shall be equivalent to one dwelling unit:
 - i. 1 cottage
 - ii. 4 camping sites or recreational vehicle or park model trailer spaces within a campground
- 2) For clarity, the total land area calculated to determine the maximum overall density does not include the lakebed within the foreshore of Great Central Lake or the lakebed of Boot Lagoon.
- 3) 1 lodge or hotel
- 4) 2 restaurants and the like
- 5) 2 retail stores

16.1.3 Application to strata plan developments:

- 1) For greater clarity, a lot within the CD1 zone includes a strata plan.

16.1a Comprehensive Development 1-A Sub-Zone | CD1-A

This sub-zone is designed for tourists and recreation seekers interested in fishing and convenient access to the waterfront. Main uses include cottages and campgrounds. This area is intended for seasonal dwellings designed to accommodate families and individuals along with some supporting commercial or recreational uses for those maintaining permanent residence elsewhere.

1) Permitted Principal Uses:

- 1) Lake cottage
- 2) Lodge or hotel
- 3) Project sales and management office
- 4) Tourist guide service
- 5) Marina use
- 6) Campgrounds with ancillary common-use facilities
- 7) Parks and playgrounds
- 8) Recreation equipment and recreation vehicle sales, repair and construction
- 9) Boat launch facilities
- 10) Restaurants and the like
- 11) Retail use for the sale of general merchandise and liquor
- 12) Closed storage and warehousing
- 13) Open storage for boats, trailers, recreational vehicles and similar items

2) Permitted Accessory Uses:

- 1) Marine repair and construction
- 2) Parking areas
- 3) Campground common-use facilities and structures
- 4) Fuel dock
- 5) Accessory buildings, structures and uses

3) Lot Regulations:

- 1) Minimum lot area for lake cottage 600 m²
- 2) Minimum lot area for campground 1 ha
- 3) Minimum lot area for other uses 600 m²

4) Density:

Maximum number of cottages per lot	Maximum number of camping sites in CD1-A	Maximum number of closed storage and warehousing units in CD1-A	Maximum number of open storage units for boats, trailers, campers and similar items in CD1-A
1	190	100	50

5) Maximum Lot Coverage:

- 1) For restaurant, general merchandise store or liquor store 60%

- 2) For all other buildings or structures, except for campgrounds 35%
- 6) Maximum Size (Gross Floor Area):**
- 1) Hotel 6,000 m²
 - 2) Accessory building in a campsite 10 m²
- 7) Maximum Height:**
- 1) Lake cottage 7.5 m
 - 2) Hotel 12.5 m
 - 3) Accessory buildings and structures 5 m
 - 4) All other buildings 10 m
- 8) Minimum Setbacks:**
- 1) Front for principal buildings 7.5 m
 - 2) Rear for principal buildings 4 m
 - 3) Rear for accessory buildings 1 m
 - 4) Side for principal buildings 1.5 m
 - 5) Front for accessory buildings 5 m
 - 6) Side for accessory buildings 1 m
 - 7) From the natural boundary of all major streams, minor streams and lakes for all buildings and structures 15 m
- 9) Conditions of Use:**
- 1) Within the CD1-A sub-zone, campground uses include recreational vehicles and park models.
 - 2) Each campsite in a campground is permitted one (1) accessory building not to exceed 10 m² in floor area and 5 m in building height.
 - 3) Within the CD1-A sub-zone, campground common-use facilities include structures required to contain fire, emergency, recycling or garbage collection equipment, clubhouse, gazebos, barbecues, picnic shelters, common meeting areas, recreational areas, convenience store, laundry facilities, washrooms, swimming pool, or a mini golf course.

16.1b Comprehensive Development 1-B Sub-Zone | CD1-B

This sub-zone provides for uses that serve as a resort area community centre, providing a range of day-to-day services for those on retreats or vacations. This sub-zone provides convenient access to the waterfront.

1) Permitted Principal Uses:

- 1) Marina use
- 2) General merchandise and food retail stores that may contain dwelling units above the main floor, where a maximum of one dwelling unit may be used as a year-round residence
- 3) Dry-cleaners and self-service laundries
- 4) Restaurants and the like, but excluding businesses primarily engaged in preparing food specialties for off-premises consumption and excluding drive through business
- 5) Tourist guide centres
- 6) Liquor stores
- 7) Fuel service station
- 8) Resort offices
- 9) Interpretation centre
- 10) Float homes, provided no sewage or effluent is disposed into the lake
- 11) Boat launch facilities
- 12) Parks and playgrounds
- 13) Conference centre
- 14) Hotel

2) Permitted Accessory Uses:

- 1) Parking areas
- 2) Accessory buildings, structures and uses

3) Lot Regulations:

- | | |
|--------------------------------------|--------------------|
| 1) Minimum lot area for a float home | 100 m ² |
| 2) Minimum lot area for other uses | 600 m ² |

| 1) Principal buildings | 12.5 m |
| 2) Accessory buildings and structures | 5 m |
| 3) Above the surface of the water for float homes | 8 m |
- 8) Minimum Setbacks:**
- | | |
|--|-------|
| 1) Front for all buildings | 5 m |
| 2) Rear for principal buildings | 4 m |
| 3) Side setback for principal buildings from an interior lot line, provided the total of both required side yards is not less than 4.5 m | 1.5 m |
| 4) Rear and side for accessory buildings, structures and uses | 1 m |
| 5) From the natural boundary of a waterbody, float homes, and landings and pathways to provide access to float homes | 0 m |
| 6) From the natural boundary of all major streams, minor streams and lakes for all buildings and structures | 15 m |

16.1c Comprehensive Development 1-C Sub-Zone | CD1-C

Provides for accommodations in a neighbourhood-like setting with convenient access to the waterfront. Dwelling units are primarily intended for seasonal or permanent occupation.

1) Permitted Principal Uses:

- 1) Single detached dwellings
- 2) Duplexes
- 3) Multi-unit dwellings
- 4) Marina use
- 5) Restaurants and the like
- 6) General merchandise buildings
- 7) Liquor stores
- 8) Community centre building
- 9) Parks and playgrounds

2) Permitted Accessory Uses:

- 1) Daycare or nursery accessory to a residence or community centre
- 2) Parking areas
- 3) Accessory buildings, structures and uses

3) Lot Regulations:

1) Minimum lot area for single detached dwelling	600 m ²
2) Minimum lot area for duplex or multi-unit dwelling	900 m ²
3) Minimum lot area for community centre	100 m ²
4) Density:	N/A
5) Maximum Lot Coverage:	
1) For lot containing single detached dwelling	35%
2) For lot containing duplex	40%
3) For lot containing community centre	50%
6) Maximum Size (Gross Floor Area):	
1) Floor area ratio for multi-unit dwelling	0.50
7) Maximum Height:	
1) Single detached dwelling and duplex	10 m
2) Multi-unit dwelling	12.5 m
3) Accessory buildings and structures	5 m
8) Minimum Setbacks:	
1) Front for principal buildings	7.5 m
2) Rear for principal buildings	4 m
3) Rear for accessory buildings, structures and uses	1 m
4) Side for principal buildings	1.5 m
5) Side for accessory buildings, structures and uses	1 m
6) From the natural boundary of all major streams, minor streams and lakes for all buildings and structures	15 m
9) Conditions of Use:	
1) Parking must be provided on the same lot as the use that generates the parking.	
2) The Regional Board may consider a variance to the requirement of providing parking on the same lot where the owner can provide the required parking spaces on another lot (the second lot) if the parking spaces are located within 150 m of the nearest point of the building or structure in which the use occurs and if such parking is secured by a covenant under Section 219 of the Land Title Act in favour of the ACRD.	

16.1d Comprehensive Development 1-D Sub-Zone | CD1-D

Primarily intended for upland passive uses to support the waterfront float home community.

1) Permitted Principal Uses:

- 1) Amenities building that may contain one dwelling unit above the main floor which may be used as year-around caretaker use
- 2) Common-use facilities to support the waterfront float home development
- 3) Landings to provide access to float homes
- 4) Pathways to provide access to float homes
- 5) Parks and trails
- 6) Open space

2) Permitted Accessory Uses:

- 1) Parking and loading areas
- 2) Accessory buildings, structures and uses

3) Lot Regulations:

- 1) Minimum lot area 1 ha

4) Density:

N/A

5) Maximum Lot Coverage:

- 1) For all buildings and structures 2%

6) Maximum Size (Gross Floor Area):

N/A

7) Maximum Height:

- 1) Amenities building 10 m
- 2) Accessory buildings and structures 5 m

8) Minimum Setbacks:

- 1) Front for principal buildings 5 m
- 2) Rear for principal buildings 4 m
- 3) Rear and side for accessory buildings, structures and uses 1 m
- 4) Side setback for all principal buildings 1.5 m
- 5) Setback from the natural boundary of a waterbody, float homes, and landings and pathways to provide access to float homes 0 m
- 6) From the natural boundary of all major streams, minor streams and lakes for all buildings and structures 15 m

9) Conditions of Use:

- 1) There shall be no residential use within the CD1-D sub-zone except for one (1) dwelling unit located above the main floor of the amenities building which may be used as year-round caretaker use.
- 2) Within the CD1-D sub-zone the amenities building may include a clubhouse, washroom and laundry facilities, and common-use facilities, including structures required to contain fire, emergency or garbage collection equipment, barbecues, picnic shelters, common meeting areas, recreational areas.

16.2 Comprehensive Development 2 | CD2

This zone provides for lower-density development in a less-accessible location intended to provide for a mix of land uses including residential, tourist commercial and recreational uses without the provision of water, sewer, sewage disposal, drainage or fire protection services by the ACRD. The natural setting and environmental features will be incorporated into the development through density averaging and clustering. The zone is divided into sub-zones.

16.2.1 Definitions specific to this zone and sub-zones:

AMENITIES	means the following: <ol style="list-style-type: none"> 1) 2,000 m of low-impact public trail up to 1 m in width, to be surfaced with gravel or bark mulch and to be located substantially as shown on Schedule A to the Development Agreement between the owner and the ACRD; 2) dedication of 5% of public-use lands in excess of the park land provision requirements of the <i>Local Government Act</i> or protection by covenant registered under the Land Title Act in favour of the ACRD as Covenantee; and 3) at least eight locations providing ocean access, to be provided by way of dedicated highway or statutory right-of-way for public access and use, granted in favour of the ACRD.
CABIN	means a dwelling unit built upon a continuous or permanent foundation where each unit is occupied as a secondary, vacation, or recreational home.
LODGE	means a building that contains four or more suites for tourists, served by a common entrance, and that may have additional separate entrances directly from outside the building.
RESIDENTIAL UNIT	means: <ol style="list-style-type: none"> 1) one (1) single detached dwelling, or 2) six (6) cabins, or 3) eight (8) bedrooms in a lodge, or 4) four (4) recreational vehicle camping sites
RESIDENTIAL UNIT EQUIVALENT	means the following: <ol style="list-style-type: none"> 1) six (6) cabins, or 2) eight (8) bedrooms in a lodge, or 3) four (4) recreational vehicle camping sites

16.2.2 Permitted Principal Uses:

- 1) Single detached dwelling
- 2) Cabin
- 3) Lodge

- 4) Recreational vehicle campground
- 5) Open space

16.2.3 Permitted Accessory Uses:

- 1) Accessory or service buildings, structures and uses including staff accommodation within a cabin
- 2) Dining facilities
- 3) Recreational facilities for use by guests

16.2.4 Lot Regulations:

- 1) Minimum lot area for lots not serviced by communal water system and communal sewer system 2 ha
- 2) Minimum lot area for lots serviced by communal water system and communal sewer system 0.4 ha
- 3) Minimum recreational vehicle lot area for lots serviced by communal water system and communal sewer system 500 m²

16.2.5 Maximum Number of Dwellings, Campgrounds and Camping Sites per Lot:

Single detached dwellings per lot	Single detached dwellings	Recreational vehicle campgrounds	Camping sites per campground
1	1.25 per 2 ha	1	30

16.2.6 Maximum Lot Coverage:

- 1) For all buildings and structures 20%

16.2.7 Maximum Size (Gross Floor Area):

- 1) Floor area for single detached dwellings 279 m²
- 2) Floor area for cabins 140 m²
- 3) Building footprint area for lodges 1,100 m²
- 4) Total floor area, accessory buildings and structures 65 m²

16.2.8 Maximum Height:

- 1) Single detached dwellings 9 m
- 2) Cabins 9 m
- 3) Lodges 9 m
- 4) Accessory buildings and structures 4.6 m

16.2.9 Minimum Setbacks:

- 1) From natural boundary, all buildings 15 m

2) From another building for all buildings	5 m
3) From all lot or strata lot lines for all buildings	5 m
4) From a minor stream for all uses	15 m
5) From a major stream for all uses	30 m
6) From the ocean for all uses	15 m

16.2.10 Conditions of Use:

- 1) Cabins shall be built upon a continuous or permanent foundation.
- 2) Cabins may be occupied only as a seasonal dwelling, and shall not be occupied for more than a maximum of 180 days in each calendar year, whether the use is continuous or intermittent.
- 3) Cabins may be clustered providing the minimum lot area is 2 ha.
- 4) For the purposes of calculating permitted overall density, a minimum of 70% of the residential unit equivalent is to be comprised of single detached dwellings.
- 5) If the owner of the land provides and maintains the amenities as listed in the definition of Amenities above, the density figures in Table 1 apply.
- 6) For certainty, the ACRD has no plans to construct, install, operate or maintain sewer, sewage disposal, water supply, drainage or fire protection to service the lands in this zone.

16.2.11 Distribution of development:

- 1) This zone shall be divided into sub-zones as shown in Tables 1 and 2 and the zoning maps. The uses of land permitted under subsections 16.2.2 and 16.2.3 are permitted in accordance with Tables 1 and 2. The base densities are shown in Table 1. If the amenities are provided, the densities in Table 2 shall apply. For certainty, whether Table 1 or Table 2 applies the overall density set out in 16.2.5 shall not be exceeded.
- 2) If all of the amenities defined in subsection 16.2.1 are provided, a density bonus of 8 Residential Units is permitted. The units shall be sited in accordance with the distribution of units in Table 1.
- 3) The Residential Units shown in Table 1 may be transferred from one sub-zone to another sub-zone, provided the number of Residential Units in any sub-zone does not increase or decrease by more than 20% and the total number of residential units does not increase beyond the total number specified in Table 1.
- 4) If all of the amenities defined in subsection 16.2.1 are not provided, then the density permitted within the CD2 zone shall be sited in accordance with the distribution of units in Table 1.
- 5) The Residential Units shown in Table 2 may be transferred from one sub-zone to another sub-zone, provided that the number of Residential Units in any sub-zone does not increase or decrease by more than 20% and that the total number of residential units does not increase beyond the total number specified in Table 2.
- 6) For the purposes of calculating the overall number of residential units permitted in this zone, the number of cabin units, lodge bedrooms and recreational vehicle camping sites have been converted to residential units at the rates specified in the definition of residential unit equivalent above.
