Dear Committee,

I am writing on behalf of myself and my father to give agreement for the proposed rezoning to go forward under the following conditions. As the owners of 6253 Drinkwater Rd, we agree to allow access to the subject property, a necessity for rezoning, under the agreement that the property will be sold to us by Deborah Andreeff for a previously agreed upon price. If the sale does not go forward to us, we withdraw our permission for the access to the property via the 6253 Drinkwater Rd driveway. As Deborah has not been available to sign the paperwork at the Notary to finalize this sale agreement, we wanted to put forward our conditions to the committee.

If you have any questions, we plan to attend the meeting on Feb 6 to discuss this further.

Thank you,

Adrienne Cloke and Larry Johannessen
