#### TIPS FOR CONNECTING WITH ZOOM

If you are not familiar with using Zoom video conferencing or audio conferencing, here are a few helpful Zoom tips:

1. If participating online, you have the option to turn on or off your video so other meeting participants can see you.
2. If you select gallery view, you are able to see all meeting participants on the screen (depending on the size of your screen).
3. Please keep your audio muted at all times unless you are invited to speak. This will reduce the background noise, which can make it hard for everyone to hear the conversation.
4. If participating online, there is a chat feature if you would like to ask a question to everyone in the meeting or just the meeting host/organizer/chair, you can choose.
5. You can also raise your 'virtual hand' using the reactions button, which notifies the meeting host/organizer/chair that you would like to speak.
