**Re: Proposed Rezoning of Lot B, Plan 35521, District Lot 146, Alberni District
6124 Strathcona St.**

-
I have resided at 6158 Strathcona St. since 1972, the lot directly adjacent to the north of the above property. The plan showing the proposed subdivision is not to scale and it is strange that the larger of the divisions contains a shop that is considerably larger than the house. It therefore begs the question as to the owners intent as to the future of the properties. Without that knowledge I would have concerns over the subdivision.

Yours sincerely,

Hugh & Anne Grist
