The review process included multiple opportunities for engagement with members of the public, stakeholders, members of the Beaver Creek Advisory Planning Commission, Board members, and an agency and First Nation pre-referral. This engagement generated valuable community input and has resulted in revisions and updates to the Beaver Creek OCP.

Highlights of updates to the Beaver Creek OCP include:

- Standardized policy wording across the six OCPs, where appropriate.
- Updated *Local Government Act* references.
- Updated Agricultural Land Commission references.
- Statement about the consideration of the Housing Needs Reports in the area OCPs.
- Revised wording in definitions to align with Zoning Bylaw including flood construction level, home occupations, home industry, manufactured home, mobile home and modular home.
- Revised riparian development permit areas to be measured from the natural boundary of a watercourse.
- Revised flood construction level guidelines in the natural hazard development permit areas to align with the Zoning Bylaw.
- Map 2 Land Use Designations and Map 3 Development Permit Areas updated with new formatting, improved labelling, data source tracking and new mapsheet tile format for improved readability.

A comprehensive line-by-line list of all amendments to the Beaver Creek OCP is included as Schedule 'A' forming part of the OCP Amendment Bylaw P1444. The revised April 2022 version of the Beaver Creek
